BURBANK, Calif., and NEW YORK, New York, December 14, 2017—The Walt Disney Company (NYSE: DIS) and Twenty-First Century Fox, Inc. (“21st Century Fox”—NASDAQ: FOXA, FOX) today announced that they have entered into a definitive agreement for Disney to acquire 21st Century Fox, including the Twentieth Century Fox Film and Television studios, along with cable and international TV businesses, for approximately \$52.4 billion in stock (subject to adjustment). Building on Disney's commitment to deliver the highest quality branded entertainment, the acquisition of these complementary assets would allow Disney to create more appealing content, build more direct relationships with consumers around the world and deliver a more compelling entertainment experience to consumers wherever and however they choose. Immediately prior to the acquisition, 21st Century Fox will separate the Fox Broadcasting network and stations, Fox News Channel, Fox Business Network, FS1, FS2 and Big Ten Network into a newly listed company that will be spun off to its shareholders.

Under the terms of the agreement, shareholders of 21st Century Fox will receive 0.2745 Disney shares for each 21st Century Fox share they hold (subject to adjustment for certain tax liabilities as described below). The exchange ratio was set based on a 30-day volume weighted average price of Disney stock. Disney will also assume approximately \$13.7 billion of net debt of 21st Century Fox. The acquisition price implies a total equity value of approximately \$52.4 billion and a total transaction value of approximately \$66.1 billion (in each case based on the stated exchange ratio assuming no adjustment) for the business to be acquired by Disney, which includes consolidated assets along with a number of equity investments.

Popular Entertainment Properties to Join Disney Family

Combining with Disney are 21st Century Fox's critically acclaimed film production businesses, including Twentieth Century Fox, Fox Searchlight Pictures and Fox 2000, which together offer diverse and compelling storytelling businesses and are the homes of *Avatar*, *X-Men*, *Fantastic Four* and *Deadpool*, as well as *The Grand Budapest Hotel*, *Hidden Figures*, *Gone Girl*, *The Shape of Water* and *The Martian*—and its storied television creative units, Twentieth Century Fox Television, FX Productions and Fox21, which have brought *The Americans*, *This Is Us*, *Modern Family*, *The Simpsons* and so many more hit TV series to viewers across the globe. Disney will also acquire FX Networks, National Geographic Partners, Fox Sports Regional Networks, Fox Networks Group International, Star India and Fox's interests in Hulu, Sky plc, Tata Sky and Endemol Shine Group.

"The acquisition of this stellar collection of businesses from 21st Century Fox reflects the increasing consumer demand for a rich diversity of entertainment experiences that are more compelling, accessible and convenient than ever before," said Robert A. Iger, Chairman and Chief Executive Officer, The Walt Disney Company. "We're honored and grateful that Rupert Murdoch has entrusted us with the future of businesses he spent a lifetime building, and we're excited about this extraordinary opportunity to significantly increase our portfolio of well-loved franchises and branded content to greatly enhance our growing direct-to-consumer offerings. The deal will also substantially expand our international reach, allowing us to offer world-class storytelling and innovative distribution platforms to more consumers in key markets around the world."

"We are extremely proud of all that we have built at 21st Century Fox, and I firmly believe that this combination with Disney will unlock even more value for shareholders as the new Disney continues to set the pace in what is an exciting and dynamic industry," said Rupert Murdoch, Executive Chairman of 21st Century Fox. "Furthermore, I'm convinced that this combination, under Bob Iger's leadership, will be one of the greatest companies in the world. I'm grateful and encouraged that Bob has agreed to stay on, and is committed to succeeding with a combined team that is second to none."

At the request of both 21st Century Fox and the Disney Board of Directors, Mr. Iger has agreed to continue as Chairman and Chief Executive Officer of The Walt Disney Company through the end of calendar year 2021.

“When considering this strategic acquisition, it was important to the Board that Bob remain as Chairman and CEO through 2021 to provide the vision and proven leadership required to successfully complete and integrate such a massive, complex undertaking,” said Orin C. Smith, Lead Independent Director of the Disney Board. “We share the belief of our counterparts at 21st Century Fox that extending his tenure is in the best interests of our company and our shareholders, and will be critical to Disney’s ability to effectively drive long-term value from this extraordinary acquisition.”

Benefits to Consumers

The acquisition will enable Disney to accelerate its use of innovative technologies, including its BAMTECH platform, to create more ways for its storytellers to entertain and connect directly with audiences while providing more choices for how they consume content. The complementary offerings of each company enhance Disney’s development of films, television programming and related products to provide consumers with a more enjoyable and immersive entertainment experience.

Bringing on board 21st Century Fox’s entertainment content and capabilities, along with its broad international footprint and a world-class team of managers and storytellers, will allow Disney to further its efforts to provide a more compelling entertainment experience through its direct-to-consumer (DTC) offerings. This transaction will enable Disney’s recently announced Disney and ESPN-branded DTC offerings, as well as Hulu, to create more appealing and engaging experiences, delivering content, entertainment and sports to consumers around the world wherever and however they want to enjoy it.

The agreement also provides Disney with the opportunity to reunite the X-Men, Fantastic Four and Deadpool with the Marvel family under one roof and create richer, more complex worlds of inter-related characters and stories that audiences have shown they love. The addition of *Avatar* to its family of films also promises expanded opportunities for consumers to watch and experience storytelling within these extraordinary fantasy worlds. Already, guests at Disney’s Animal Kingdom Park at Walt Disney World Resort can experience the magic of Pandora—The World of Avatar, a new land inspired by the Fox film franchise that opened earlier this year. And through the incredible storytelling of National Geographic—whose mission is to explore and protect our planet and inspire new generations through education initiatives and resources—Disney will be able to offer more ways than ever before to bring kids and families the world and all that is in it.

Enhancing Disney's Worldwide Offerings

Adding 21st Century Fox's premier international properties enhances Disney's position as a truly global entertainment company with authentic local production and consumer services across high-growth regions, including a richer array of local, national and global sporting events that ESPN can make available to fans around the world. The transaction boosts Disney's international revenue mix and exposure.

Disney's international reach would greatly expand through the addition of Sky, which serves nearly 23 million households in the UK, Ireland, Germany, Austria and Italy; Fox Networks International, with more than 350 channels in 170 countries; and Star India, which operates 69 channels reaching 720 million viewers a month across India and more than 100 other countries.

Prior to the close of the transaction, it is anticipated that 21st Century Fox will seek to complete its planned acquisition of the 61% of Sky it doesn't already own. Sky is one of Europe's most successful pay television and creative enterprises with innovative and high-quality direct-to-consumer platforms, resonant brands and a strong and respected leadership team. 21st Century Fox remains fully committed to completing the current Sky offer and anticipates that, subject to the necessary regulatory consents, the transaction will close by June 30, 2018. Assuming 21st Century Fox completes its acquisition of Sky prior to closing of the transaction, The Walt Disney Company would assume full ownership of Sky, including the assumption of its outstanding debt, upon closing.

Transaction Highlights

The acquisition is expected to yield at least \$2 billion in cost savings from efficiencies realized through the combination of businesses, and to be accretive to earnings before the impact of purchase accounting for the second fiscal year after the close of the transaction.

Terms of the transaction call for Disney to issue approximately 515 million new shares to 21st Century Fox shareholders, representing approximately a 25% stake in Disney on a pro forma basis. The per share consideration is subject to adjustment for certain tax liabilities arising from the spinoff and other transactions related to the acquisition. The initial exchange ratio of 0.2745 Disney shares for each 21st Century Fox share was set based on an estimate of such tax liabilities to be covered by an \$8.5 billion cash dividend to 21st Century Fox from the company to be spun off. The exchange ratio will be adjusted immediately prior to closing of the acquisition based on an updated estimate of such tax liabilities. Such adjustment could increase or decrease the exchange ratio, depending upon whether the final estimate is lower or higher, respectively, than the initial estimate. However, if the final estimate of the tax liabilities is lower than the initial estimate, the first \$2 billion of that adjustment will instead be made by net reduction in the amount of the cash dividend to 21st Century Fox from the company to be spun off. The amount of such tax liabilities will depend upon several factors, including tax rates in effect at the time of closing as well as the value of the company to be spun off.

The Boards of Directors of Disney and 21st Century Fox have approved the transaction, which is subject to shareholder approval by 21st Century Fox and Disney shareholders, clearance under the Hart-Scott-Rodino Antitrust Improvements Act, a number of other non-United States merger and other regulatory reviews, and other customary closing conditions.

Remaining 21st Century Fox Businesses to Combine with Disney as Part of Separate Transaction Announced Today

NEW YORK, NY, December 14, 2017 — Twenty-First Century Fox, Inc. (“21st Century Fox” or the “Company” – NASDAQ: FOXA, FOX) today announced that it intends to spin off to 21st Century Fox shareholders a portfolio of its highly-rated news, sports and broadcast businesses to create a new “Fox,” which will be a growth company centered on live news and sports brands, anchored by the strength of the Fox Network.

The new “Fox” will include iconic branded properties Fox News Channel, Fox Business Network, Fox Broadcasting Company, Fox Sports, Fox Television Stations Group, and sports cable networks FS1, FS2, Fox Deportes and Big Ten Network (BTN). It will also include the Company’s studio lot in Los Angeles and equity investment in Roku.

The new Fox will house the #1 cable news channel in the country, the most watched business news channel, and a stations group that is present in 9 out of the 10 largest metro areas in the U.S. Its broadcast and cable sports brands will have coveted, long-term sports rights to the NFL, MLB, World Cup soccer and NASCAR. The new Fox will have a strong financial profile, supported by peer-leading growth and differentiated free cash flow generation, and will be positioned to continue to deliver consistent growth driven by affiliate rate increases, retransmission growth and strong advertising demand for its live content and entertainment product.

21st Century Fox Executive Chairman Rupert Murdoch said: “The new Fox will draw upon the powerful live news and sports businesses of Fox, as well as the strength of our Broadcast Network. It is born out of an important lesson I’ve learned in my long career in media: namely, content and news relevant to viewers will always be valuable. We are excited by the possibilities of the new Fox, which is already a leader many times over.”

In addition to the spin-off, 21st Century Fox today separately announced that the Company has entered into a definitive agreement to combine the rest of its businesses with Disney (NYSE: DIS), including the Company's film and television studios, cable entertainment networks and international TV businesses.

New Fox Financial Information

Using Fiscal 2017 as a base, Fox is expected to have annual revenue of approximately \$10 billion and EBITDA of approximately \$2.8 billion. The Company will have an investment grade balance sheet conservatively levered with a maximum of \$9 billion of new gross debt or under 3x net leverage on day one. Following the spin-off, Fox expects to continue to pay shareholders a strong regular dividend, with the initial rate to be determined prior to the completion of the spin-off.

Additional Transaction Details

The spin-off transaction will be taxable to 21st Century Fox, but not to its shareholders. The new Fox will receive a step-up in its tax basis commensurate with the amount of the corporate tax relating to the spin-off that will generate annual cash tax savings over the next 15 years.

Prior to completion of the spin-off, new Fox will pay an \$8.5 billion cash dividend to 21st Century Fox, representing an estimate of such tax liability. If the final tax liability of 21st Century Fox is less than such amount, the first \$2 billion of that adjustment will be made by a net reduction in the amount of the cash dividend to 21st Century Fox from new Fox. The amount of such tax liabilities will depend on several factors, including tax rates in effect at the time of closing as well as market values of Fox following the closing.

Upon closing of the spin-off transaction, 21st Century Fox's shareholders would receive one share of common stock in new Fox for each same class 21st Century Fox share currently held. Following the separation, new Fox would maintain two classes of common stock: Class A Common and Class B Common Voting Shares. Details of the spin-off transaction distribution will be included in the registration statement that will be filed with the Securities and Exchange Commission.

As part of the definitive agreement with Disney announced today, 21st Century Fox shareholders will receive 0.2745 Disney shares for each 21st Century Fox share in the merger. The per share consideration is subject to adjustment up or down for certain tax liabilities arising from the spinoff and other transactions related to the acquisition. Terms of the transaction call for Disney to issue approximately 515 million new shares to 21st Century Fox shareholders, representing approximately a 25 percent stake in Disney on a pro forma basis. The transaction values the merged 21st Century Fox business at \$28 per share using a reference Disney share price of \$102 and at nearly \$30 per share based on Disney's closing share price on December 13, 2017. This equates to a total enterprise value of approximately \$69 billion.

The merger is subject to customary conditions, including regulatory and shareholder approval.

Advisors

Goldman, Sachs & Co. is acting as the lead financial advisor to the Company and provided a bridge loan commitment of up to \$9 billion to the new Fox. Centerview Partners and Deutsche Bank are also acting as financial advisors to the Company. Skadden, Arps, Slate, Meagher & Flom LLP, Hogan Lovells, and Simpson Thacher & Bartlett are acting as legal advisors to the Company.
