THE UNITED STATES LIFE INSURANCE COMPANY IN THE CITY OF NEW YORK

FS VARIABLE SEPARATE ACCOUNT

Polaris Advisory Income Variable Annuity

Effective January 22, 2018, information in your prospectus regarding the Benefit Withdrawal Charge applicable to the Living Benefit feature is amended as follows:

The Company will waive the Benefit Withdrawal Charge, which is imposed on withdrawals taken in excess of the contract's Maximum Annual Withdrawal Amount and on full surrender during the first four (4) Benefit Years.

If you elected two Covered Persons, upon the death of one Covered Person, the Company will continue to waive the Benefit Withdrawal Charge in the event that a surviving spouse elects to continue the contract with the Living Benefit. All other components of the Living Benefit, as provided under the contract, in effect at the time of the spousal continuation will not change.

The following replaces the Total Annual Portfolio Operating Expenses in the FEE TABLE on page 7 of the prospectus:

TOTAL ANNUAL PORTFOLIO OPERATING EXPENSES (as of December 31, 2016) The following shows the minimum and maximum total operating expenses (including Master Fund expenses, if applicable) charged by the Underlying Funds of the Trusts, before any waivers or reimbursements that you may pay periodically during the time that you own the contract. More detail concerning the Underlying Funds' expenses is contained in the prospectus for each of the Trusts. Please read them carefully before investing.

Total Annual Portfolio Operating Expenses ----- (expenses that are deducted from Underlying Fund assets, including management fees and other expenses, if applicable)	Minimum (6) -----	Maximum (6) -----
	0.30%	2.08%

Footnotes to the Fee Table:

(6) The maximum expense is for an Underlying Fund of Anchor Series Trust, as of its fiscal year ended December 31, 2016. There is a contractual agreement with Anchor Series Trust under which it will waive 1.22% of its fee and the fee is 0.86% after the waiver. If the fee waiver was reflected in the maximum expense, the expense would be 0.86%. The contractual agreement with Anchor Series Trust will continue until at least April 30, 2018 and may not be terminated prior to that date without the approval of the Anchor Series Trust Board of Trustees. The minimum expense is for an Underlying Fund of Goldman Sachs Variable Insurance Trust as of its fiscal year ended December 31, 2016. There is a contractual agreement with Goldman Sachs Variable Insurance Trust under which it will waive 0.12% of its fee and the fee is 0.18% after the waiver. If the fee waiver was reflected in the minimum expense, the expense would be 0.18%. The contractual agreement with Goldman Sachs Variable Insurance Trust will continue until at least April 30, 2018 and may not be terminated prior to that date without the approval of the Goldman Sachs Variable Insurance Trust Board of Trustees.
