About Flex LNG

Flex LNG is a shipping company focused on the growing market for Liquefied Natural Gas (LNG). Our fleet consists of thirteen LNG carriers on the water and all of our vessels are state-of-the-art ships with the latest generation two-stroke propulsion (MEGI and X-DF). These modern ships offer significant improvements in fuel efficiency and thus also carbon footprint compared to the older steam and four-stroke propelled ships. We have built up a significant contract backlog, having 11 of our 13 vessels on long term fixed rate charter contracts and one vessel on variable hire time charter. Flex LNG is listed both on the New York Stock Exchange as well as Oslo Stock Exchange under the ticker FLNG.
