## **Cybin to Participate at the 27th Annual Milken Institute Global Conference**

*- Doug Drysdale, CEO, to appear on panel entitled "Collaborating for Improved Mental Health," on May 8, 2024 -*

**TORONTO, CANADA** – April 25, 2024 – [Cybin Inc.](#) (NYSE American:CYBN) (Cboe CA:CYBN) ("**Cybin**" or the "**Company**"), a clinical-stage biopharmaceutical company committed to revolutionizing mental healthcare by developing new and innovative next-generation psychedelic-based treatment options, today announced that Doug Drysdale, Cybin's Chief Executive Officer, will be speaking at the 27th Annual Milken Institute Global Conference on a panel entitled "Collaborating for Improved Mental Health." The Conference will take place May 5-8, 2024, at the Beverly Hilton in Los Angeles, and the panel will be held on Wednesday, May 8, 2024, at 10:00 a.m. PDT.

"The Milken Institute Global Conference focuses on numerous global challenges across multiple domains, and we are thrilled to be part of the important conversation addressing today's mental health crisis," stated Doug Drysdale, Cybin's Chief Executive Officer. "The Conference provides a meaningful platform to exchange ideas with global thought leaders and share our vision for transforming the treatment paradigm for mental health. With the recent receipt of FDA Breakthrough Therapy Designation for CYB003, our deuterated psilocybin analog for the adjunctive treatment of major depressive disorder entering a Phase 3 trial around mid-year; and CYB004, our deuterated DMT program in Phase 2 development for the treatment of generalized anxiety disorder, we are excited to share the groundbreaking work that Cybin is carrying out with the goal of bringing improved therapeutic options for treating mental health conditions."

The live panel discussion and archived webcast will be available on the Company's investor relations website on the [Events & Presentations](#) page. For more information on the Milken Institute and the upcoming conference visit [www.milkeninstitute.org](http://www.milkeninstitute.org).

## About Cybin

Cybin is a clinical-stage biopharmaceutical company on a mission to create safe and effective psychedelic-based therapeutics to address the large unmet need for new and innovative treatment options for people who suffer from mental health conditions.

Cybin's goal of revolutionizing mental healthcare is supported by a network of world-class partners and internationally recognized scientists aimed at progressing proprietary drug discovery platforms, innovative drug delivery systems, and novel formulation approaches and treatment regimens. The Company is currently developing CYB003, a proprietary deuterated psilocybin analog for the treatment of major depressive disorder and CYB004, a proprietary deuterated DMT molecule for generalized anxiety disorder and has a research pipeline of investigational psychedelic-based compounds.

Headquartered in Canada and founded in 2019, Cybin is operational in Canada, the United States, the United Kingdom, the Netherlands and Ireland. For company updates and to learn more about Cybin, visit [www.cybin.com](http://www.cybin.com) or follow the team on X, LinkedIn, YouTube and Instagram.

## Cautionary Notes and Forward-Looking Statements

Certain statements in this news release relating to the Company are forward-looking statements and are prospective in nature. Forward-looking statements are not based on historical facts, but rather on current expectations and projections about future events and are therefore subject to risks and uncertainties which could cause actual results to differ materially from the future results expressed or implied by the forward-looking statements. These statements generally can be identified by the use of forward-looking words such as "may", "should", "could", "intend", "estimate", "plan", "anticipate", "expect", "believe" or "continue", or the negative thereof or similar variations. Forward-looking statements in this news release include statements regarding the Company's proprietary drug discovery platforms, innovative drug delivery systems, novel formulation approaches and treatment regimens for mental health disorders.

---

These forward-looking statements are based on reasonable assumptions and estimates of management of the Company at the time such statements were made. Actual future results may differ materially as forward-looking statements involve known and unknown risks, uncertainties, and other factors which may cause the actual results, performance, or achievements of the Company to materially differ from any future results, performance, or achievements expressed or implied by such forward-looking statements. Such factors, among other things, include: implications of the spread of COVID-19 on the Company's operations; fluctuations in general macroeconomic conditions; fluctuations in securities markets; expectations regarding the size of the psychedelics market; the ability of the Company to successfully achieve its business objectives; plans for growth; political, social and environmental uncertainties; employee relations; the presence of laws and regulations that may impose restrictions in the markets where the Company operates; and the risk factors set out in each of the Company's management's discussion and analysis for the three and nine month periods ended December 31, 2023, and the Company's annual information form for the year ended March 31, 2023, which are available under the Company's profile on [www.sedarplus.ca](http://www.sedarplus.ca) and with the U.S. Securities and Exchange Commission on EDGAR at [www.sec.gov](http://www.sec.gov). Although the forward-looking statements contained in this news release are based upon what management of the Company believes, or believed at the time, to be reasonable assumptions, the Company cannot assure shareholders that actual results will be consistent with such forward-looking statements, as there may be other factors that cause results not to be as anticipated, estimated or intended. Readers should not place undue reliance on the forward-looking statements and information contained in this news release. The Company assumes no obligation to update the forward-looking statements of beliefs, opinions, projections, or other factors, should they change, except as required by law.

Cybin makes no medical, treatment or health benefit claims about Cybin's proposed products. The U.S. Food and Drug Administration, Health Canada or other similar regulatory authorities have not evaluated claims regarding psilocybin, psychedelic tryptamine, tryptamine derivatives or other psychedelic compounds. The efficacy of such products has not been confirmed by approved research. There is no assurance that the use of psilocybin, psychedelic tryptamine, tryptamine derivatives or other psychedelic compounds can diagnose, treat, cure or prevent any disease or condition. Rigorous scientific research and clinical trials are needed. Cybin has not conducted clinical trials for the use of its proposed products. Any references to quality, consistency, efficacy and safety of potential products do not imply that Cybin verified such in clinical trials or that Cybin will complete such trials. If Cybin cannot obtain the approvals or research necessary to commercialize its business, it may have a material adverse effect on Cybin's performance and operations.
