Oscar Health Announces Strong Financial Results for First Quarter 2026 And Reaffirms 2026 Guidance

New York, NY, May 6, 2026 – Oscar Health, Inc. (“Oscar” or the “Company”) (NYSE: OSCR) announced today its financial results for the first quarter ended March 31, 2026.

“Oscar Health drove solid first-quarter performance with significant year-over-year improvements across our core metrics,” said Mark Bertolini, CEO of Oscar Health. “We are reaffirming our guidance and remain on track to significantly expand margins and achieve meaningful profitability in 2026. Consumers expect to shop for healthcare like everyday products – on choice, price, and value. Oscar’s exceptional technology, lifestyle products, and member experience deliver exactly that. The workforce is shifting, the individual market is resilient, and Oscar is leading the transition to a consumer-driven health economy.”

Oscar is reaffirming its full year 2026 outlook across all metrics as provided in its financial results press release dated February 10, 2026.

First Quarter 2026 Financial Highlights

(in thousands, except percentages)	Three Months Ended March 31,	
	2026	2025
Total revenue	\$4,647,194	\$3,046,263
Medical loss ratio (“MLR”)	70.5%	75.4%
Selling, general, and administrative (“SG&A”) expense ratio	15.2%	15.8%
Earnings from operations	\$704,085	\$297,123
Net income attributable to Oscar Health, Inc.	\$678,996	\$275,271
Adjusted EBITDA ⁽¹⁾	\$727,072	\$328,828

(1) Adjusted EBITDA is a non-GAAP measure. See “Key Operating and Non-GAAP Financial Metrics - Adjusted EBITDA” in this release for a reconciliation to net income, the most directly comparable GAAP measure, and for information regarding Oscar’s use of Adjusted EBITDA.

Membership by Offering	As of March 31,	
	2026	2025
Individual and Small Group ⁽¹⁾	3,174,489	2,021,484
Cigna+Oscar ⁽²⁾	—	17,983
Total Members	3,174,489	2,039,467

(1) 2025 membership includes small group members. The Company no longer offers small group plans effective December 15, 2024.

(2) Represents total membership for our former co-branded partnership with Cigna. We did not renew the Cigna+Oscar Small Group arrangement after its initial term ended on December 31, 2024.

First Quarter 2026 Key Metrics and Non-GAAP Financial Metrics

- Total revenue was approximately \$4.6 billion for the first quarter of 2026 compared to \$3.0 billion for the first quarter of 2025. The increase was driven by higher membership and rate increases, partially offset by an increase in the net risk adjustment transfer accrual.
- The medical loss ratio was 70.5% for the first quarter of 2026 compared to 75.4% for the first quarter of 2025. The decrease was primarily due to our disciplined pricing strategy, claims and risk adjustment seasonality from metal and new member mix, and favorable prior period reserve development. The Company had \$68 million of favorable development in the first quarter of 2026 compared to \$31 million of unfavorable development in the first quarter of 2025.
- The SG&A expense ratio was 15.2% for the first quarter of 2026 compared to 15.8% for the first quarter of 2025. The decrease was primarily due to greater fixed cost leverage and disciplined cost management, partially offset by the impact of higher risk adjustment as a percentage of premium.
- Earnings from operations was \$704.1 million for the first quarter of 2026 compared to earnings from operations of \$297.1 million for the first quarter of 2025. The significant increase reflects strong operating performance driven primarily by higher membership, rate increases, favorable prior period development, and fixed cost leverage.
- Net income attributable to Oscar Health, Inc. was \$679.0 million, or \$2.07 of diluted earnings per share, for the first quarter of 2026 compared to Net income attributable to Oscar Health, Inc. of \$275.3 million, or \$0.92 of diluted earnings per share, for the first quarter of 2025.
- Adjusted EBITDA was \$727.1 million for the first quarter of 2026 compared to Adjusted EBITDA of \$328.8 million for the first quarter of 2025.

Non-GAAP Financial Information

This release presents Adjusted EBITDA, a non-GAAP financial metric, which is provided as a complement to the results provided in accordance with accounting principles generally accepted in the United States of America ("GAAP"). A reconciliation of historical non-GAAP financial information to the most directly comparable GAAP financial measure is provided in the accompanying tables found at the end of this release. For more information regarding Adjusted EBITDA, please see "Key Operating and Non-GAAP Financial Metrics" below.

Cautionary Note Regarding Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact contained herein are forward-looking statements. These statements include, but are not limited to, statements about our financial outlook and estimates, including Total revenue, Medical loss ratio, SG&A expense ratio, Earnings (loss) from operations, and other financial performance metrics, and the related underlying assumptions, our business and financial prospects, including management's plans and objectives for future operations, expectations and business strategy, such as our 2026 margins and profitability, and industry and market dynamics and expected trends. In some cases, you can identify forward-looking statements by terms such as "may," "will," "should," "expects," "plans," "anticipates," "could," "intends," "targets," "projects," "contemplates," "believes," "estimates," "forecasts," "predicts," "potential," or "continues" or the negative of these terms or other similar expressions. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions, and uncertainties that are difficult to predict and generally beyond our control.

Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, there are or will be important factors that could cause our actual results to differ materially from those indicated in these forward-looking statements, including, but not limited to, the following: our ability to execute our strategy and manage our growth effectively (including our ability to successfully integrate strategic acquisitions); our ability to retain and expand our member base; our ability to accurately estimate our incurred medical expenses or overall market morbidity, or effectively manage our medical costs or related administrative costs; unanticipated results of, or changes to, risk adjustment programs or our estimates thereof; evolving federal or state laws or regulations (including any changes in the interpretation or enforcement of existing laws and regulations), including changes with respect to the Patient Protection and Affordable Care Act and any regulations enacted thereunder, the expiration of the enhanced Advanced Premium Tax Credits, the implementation of new program integrity rules, the potential funding of a cost-sharing reduction program, or other government actions, such as the imposition of tariffs; our ability to achieve or maintain profitability in the future; our ability to arrange for the delivery of quality care and maintain good relations with brokers and the physicians, hospitals, and other providers within and outside our provider networks; our ability to comply with ongoing, complex and evolving regulatory requirements, including capital reserve and surplus requirements and applicable performance standards; changes or developments in the regulation of health insurance markets in the United States; our, or any of our vendors', ability to comply with laws, regulations, and standards related to the handling of information about individuals or applicable consumer protection laws, including as a result of our participation in government-sponsored programs; the ability of our health insurance and Health Maintenance Organization subsidiaries to make payments of dividends or distributions to us, including to fund our business strategy; our ability to utilize quota share reinsurance to meet our capital and surplus requirements and protect against downside risk on medical claims; adverse market conditions resulting in our investment portfolio suffering losses or reducing our ability to meet our financing needs; unfavorable or otherwise costly outcomes of lawsuits, audits, investigations, and other third party claims that may arise from the extensive laws and regulations to which we are subject; incurrence of data security breaches of our or our partners' information and technology systems; heightened competition in the markets in which we participate; our ability to attract and retain qualified personnel; uncertainties associated with our utilization of certain artificial intelligence ("AI") and machine learning models; our ability to detect and prevent material weaknesses or significant control deficiencies in our internal controls over financial reporting or other failure to maintain an effective system of internal controls; adverse publicity or other adverse consequences related to our dual class structure or "controlled company" status; and the other factors set forth under the caption "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2025, filed with the Securities and Exchange Commission ("SEC"), and our other filings with the SEC.

Key Operating and Non-GAAP Financial Metrics

We regularly review the following key operating and Non-GAAP financial metrics, to evaluate our business, measure our performance, identify trends in our business, prepare financial projections, and make strategic decisions. We believe these operational and financial measures are useful in evaluating our performance, in addition to our financial results prepared in accordance with GAAP.

Total Revenue

Total revenue includes premium revenue (net of risk adjustment transfers), investment income, and other revenues. We believe total revenue is an important metric to assess the growth of our business, as well as the earnings potential of our investment portfolio.

MLR

MLR is a metric used to calculate medical expenses as a percentage of net premiums before ceded quota share reinsurance. The impact of the federal risk adjustment program is included in the denominator of our MLR. We believe MLR is an important metric to demonstrate the ratio of our costs to pay for healthcare of our members to the net premium before ceded quota share reinsurance.

(in thousands, except percentages)	Three Months Ended March 31,	
	2026	2025
Net claims before ceded quota share reinsurance ^(A)	\$ 3,229,857	\$ 2,259,651
Net premiums before ceded quota share reinsurance ^(B)	\$ 4,580,862	\$ 2,995,821
Medical Loss Ratio ^(A divided by B)	70.5 %	75.4 %

SG&A Expense Ratio

The SG&A expense ratio reflects the Company's selling, general, and administrative expenses, as a percentage of total revenue (net of risk adjustment transfers). We believe the SG&A expense ratio is useful to evaluate our ability to manage our overall selling, general, and administrative cost base.

Earnings (Loss) from Operations

Earnings (loss) from operations is the Company's total revenue less total operating expenses. We believe earnings (loss) from operations is an important primary metric for assessing operating performance.

Net Income (Loss) Attributable to Oscar Health, Inc.

Net income (loss) attributable to Oscar Health, Inc. is net earnings (loss) allocated to the Company after net income (loss) attributable to noncontrolling interests. It is a key indicator of the Company's profitability and operational efficiency, allowing management to evaluate performance and make informed decisions on strategic planning, cost management, and resource allocation.

Adjusted EBITDA

Adjusted EBITDA is defined as Net income (loss) for the Company and its consolidated subsidiaries before interest expense, income tax expense (benefit), and depreciation and amortization, as further adjusted for stock-based compensation and other items that are considered unusual or not representative of underlying trends of our business, where applicable for the period presented. We present Adjusted EBITDA because we believe it is frequently used by securities analysts, investors, and other interested parties in the evaluation of companies in our industry. Adjusted EBITDA is a non-GAAP measure. Management believes that investors' understanding of our performance is enhanced by including this non-GAAP financial measure as a reasonable basis for comparing our ongoing results of operations. We caution investors that amounts presented in accordance with our definition of Adjusted EBITDA may not be comparable to similar measures disclosed by our competitors, because not all companies and analysts calculate Adjusted EBITDA in the same manner.

By providing this non-GAAP financial measure, together with a reconciliation to the most comparable U.S. GAAP measure, Net income (loss), we believe we are enhancing investors' understanding of our business and our results of operations, as well as assisting investors in evaluating how well we are executing our strategic initiatives. Adjusted EBITDA has limitations as an analytical tool, and should not be considered in isolation, or as an alternative to, or a substitute for, net income (loss) or other financial statement data presented in our Condensed Consolidated Financial Statements as indicators of financial performance.

Earnings from operations	704,085	297,123
Depreciation and amortization	7,018	6,730
Stock-based compensation ⁽¹⁾	15,969	24,975
Adjusted EBITDA	\$ 727,072	\$ 328,828

(1) Represents non-cash expenses related to equity-based compensation programs, which vary from period to period depending on various factors including the timing, number, and the valuation of awards. Additionally, these expenses are reported net of any stock-based compensation that has been capitalized for software development costs.

Supplemental Financial Information

Premium

The Company records premium revenue net of premiums for reinsurance contracts accounted for under reinsurance accounting. The following table reconciles total reinsurance premiums ceded and reinsurance premiums assumed, which are included as components of total premium revenue in the Condensed Consolidated Statements of Operations:

(in thousands)	Three Months Ended March 31,

Assumed premiums ⁽¹⁾	(984)	22,441
Premium	\$ 4,580,862	\$ 2,995,821

(1) The Company did not renew the Cigna+Oscar Small Group arrangement with Cigna Health and Life Insurance Company after its initial term ended on December 31, 2024. Following termination, the Company has been providing transition and run-off services, and will continue to provide such services through December 31, 2026. The Company also continues to share in premiums and claims for plans sold or issued prior to December 15, 2024.

Medical Expenses

The Company records medical expenses net of reinsurance recoveries for reinsurance contracts accounted for under reinsurance accounting. The following table reconciles total medical expenses to the amount presented in the Condensed Consolidated Statements of Operations:

(in thousands)	Three Months Ended March 31,	
	2026	2025

Medical expenses	\$ 3,229,857	\$ 2,259,651

Risk Adjustment

The risk adjustment programs in the markets the Company serves are administered federally by CMS and are designed to mitigate the potential impact of adverse selection and provide stability for health insurers. Under these programs, each plan is assigned a risk score based upon demographic information and current year claims information related to its members. Plans with lower than average risk scores generally pay into the pool, while plans with higher than average risk scores generally receive distributions. The following table provides a rollforward of the Company's beginning and ending risk adjustment receivable and payable balances for the three months ended March 31, 2026 and 2025:
