Azul Secures Up to R\$2.0 Billion Financing Facility for Aviation Fuel Payments

São Paulo, October 24, 2026 - Azul S.A. (B3: AZUL3, NYSE: AZUL) ("Azul" or the "Company"), the airline with the largest number of destinations served in Brazil, announces that has entered into a financing transaction of up to R\$2.0 billion, covered by the Brazilian Federal Government, through Agência Brasileira Gestora de Fundos Garantidores e Garantias S.A. ("ABGF"), utilizing resources from the Export Guarantee Fund ("FGE").

The net proceeds will be used exclusively to pay for aviation fuel purchased for its scheduled domestic operations.

This financing is aligned with the Company's long-term strategy and was contemplated as part of its broader plan. The facility further strengthens Azul's liquidity position and provides additional financial flexibility to operate in the current volatile fuel-price environment. Together with the Company's existing cash and recently secured financing initiatives, it reinforces management's confidence in Azul's strategy and liquidity position.
