Explanation of Responses:

(1) On November 5, 2026, the Reporting Person acquired 5,458,901 Ordinary Shares of Critical Metals Corp. (the "Issuer") in exchange for ordinary shares of European Lithium Limited in connection with implementation of a scheme of arrangement. The exchange ratio was 0.045 Ordinary Shares of Critical Metals Corp. for each ordinary share of European Lithium Limited.

(2) The Ordinary Shares were acquired solely in exchange for ordinary shares of European Lithium Limited at the exchange ratio described in footnote (1). No cash consideration was paid by the Reporting Person.

(3) The restricted stock units were granted to the Reporting Person as compensation for services to the Issuer. No monetary consideration was paid for the award.

(4) Represents ordinary shares of the Issuer, par value $0.001 per share ("Ordinary Shares"), underlying restricted stock units ("RSUs") granted on November 1, 2026 that will vest in three equal annual installments commencing on November 1, 2027, subject to the reporting person's continued service through such date. Each RSU represents a contingent right to receive one Ordinary Share.

(5) Held by the reporting persons children who share the reporting person's household address.

(6) Represents holdings attributable to an award of 3,500,000 restricted stock units ("RSUs") granted on November 1, 2025, that will vest in three equal annual installments commencing on November 1, 2026, subject to the reporting person's continued service through such date. Each RSU represents a contingent right to receive one Ordinary Share.

(7) Each reported warrant entitles Antony Sage (the "Reporting Person") to receive 900,000 ordinary shares of Critical Metals Corp., subject to adjustment and satisfaction of the applicable vesting condition, without payment of any further cash exercise price. The quantities in columns 5 and 9 are expressed as the number of warrants; the underlying ordinary shares are reported in column 7.

(8) Each warrant vests automatically when the volume-weighted average price of the ordinary shares of Critical Metals Corp. on Nasdaq over 20 consecutive Nasdaq trading days equals or exceeds the applicable threshold, subject to adjustment under the warrant. The thresholds for the warrants replacing the European Lithium Limited Class 3, Class 4, Class 5 and Class 6 performance rights are $10.92, $12.48, $14.04 and $15.60, respectively. The applicable condition must be satisfied on or before December 31, 2027, December 31, 2028, December 31, 2028 and December 31, 2029, respectively, or the relevant warrant automatically lapses. Upon vesting, no exercise notice or other action by the Reporting Person is required, and the underlying ordinary shares are to be issued as soon as reasonably practicable and in any event within five business days after satisfaction of the condition.

(9) On November 5, 2026, Critical Metals Corp. issued the replacement warrants in connection with implementation of the scheme of arrangement involving Critical Metals Corp. and European Lithium Limited. Each warrant was issued in replacement of 20,000,000 European Lithium Limited performance rights of the corresponding class held by the Reporting Person, which were cancelled in connection with the transaction. The share scheme transaction ratio was 0.045, resulting in an entitlement to 900,000 ordinary shares of Critical Metals Corp. under each warrant. The consideration comprised cancellation of those performance rights and the other consideration provided under or in connection with the scheme implementation and security cancellation deeds.
