PRELIMINARY OFFERING CIRCULAR SEPTEMBER 17, 2021, SUBJECT TO COMPLETION

Quality Online Education Group Inc.

MAXIMUM OFFERING AMOUNT: \$10,000,000 by the Company
\$30,145,003.96 by the Selling Shareholders

This is our public offering (the “Offering”) of securities of Quality Online Education Group Inc., a Delaware corporation (the “Company”). We are offering a maximum of Five Hundred Million (500,000,000) shares (the “Maximum Offering”) of our common stock, par value \$0.0001 (the “Common Stock”) at an offering price of Twenty Cents (\$0.20) per share (the “Shares”) on a “best efforts” basis. We are also registering 1,507,250,198 shares of Common Stock for certain selling shareholders named herein (collectively, the “Selling Shareholders”). A portion of the Selling Shareholders acquired their shares of Common Stock on August 31, 2020, when the Company, pursuant to a share exchange agreement, dated August 31, 2020 (the “Share Exchange Agreement”), exchanged 3,000,000,000 of its common shares for all the shares of Quality Online Education Group Inc., an Ontario company. The remainder of the shares of Common Stock being registered for the Selling Shareholders were acquired by such Selling Shareholders in a Regulation D 506(b) offering, between March and June 2021. This Offering will terminate on the earlier of (i) September 17, 2022; or (ii) the date on which the Maximum Offering is sold (in either case, the “Termination Date”). There is no escrow established for this Offering. We will hold closings upon the receipt of investors’ subscriptions and acceptance of such subscriptions by the Company. If, on the initial closing date, we have sold less than the Maximum Offering, then we may hold one or more additional closings for additional sales, until the earlier of: (i) the sale of the Maximum Offering or (ii) the Termination Date. There is no aggregate minimum requirement for the Offering to become effective, therefore, we reserve the right, subject to applicable securities laws, to begin applying “dollar one” of the proceeds from the Offering towards our business strategy, development expenses, offering expenses and other uses as more specifically set forth in this offering circular (“Offering Circular”). We expect to commence the sale of the Shares as of the date on which the offering statement of which this Offering Circular is a part (the “Offering Statement”) is qualified by the United States Securities and Exchange Commission (the “SEC”).

Investing in our Common Stock involves a high degree of risk. See “Risk Factors” for a discussion of certain risks that you should consider in connection with an investment in our Common Stock.

THE COMPANY

Our Corporate History

Quality Online Education Group Inc. (the “Company”) was incorporated on September 20, 2007 as Life Nutrition Products, Inc. and was previously a dietary supplement company specializing in the development marketing and distribution of all natural, proprietary, dietary supplements under the names Trim For Life® Appetite Control and Trim For Life® Energy Formula. Pursuant to a Certificate of Amendment to our Certificate of Incorporation filed with the State of Delaware and effective as of July 19, 2013, LNP changed its corporate name to “ADGS Advisory, Inc.”. On May 14, 2021, the Company changed its name to Quality Online Education Group Inc., and its symbol to “QOEG.”

On September 7, 2010, the Company entered into a Share Exchange Agreement (the “Conqueror Share Exchange Agreement”) with Conqueror Group Limited, a Hong Kong corporation (“Conqueror”) and Acumen Charm Ltd., a British Virgin Islands corporation (the “Conqueror Shareholder”). Pursuant to the Conqueror Share Exchange Agreement, at the closing of the transaction contemplated in the Conqueror Share Exchange Agreement (the “Conqueror Transaction”), the Company was to acquire 100% of the issued and outstanding capital stock of Conqueror from the Conqueror Shareholder, making Conqueror a wholly-owned subsidiary of the Company.

The Closing was to transpire on or before January 31, 2011 but it did not occur by that date. However, as of May 11, 2011, among other things, Michael M. Salerno, the Company’s then sole officer and director, resigned as an officer and director of the Company, and appointed Chu Zhanjun and Li Gang as directors, and Chu Zhanjun as President, Chief Executive Officer and Principal Financial Officer of the Company, each a designee of Conqueror. As a result, a change in control occurred, due to the resignation of Mr. Salerno as sole officer and director, appointment of Mr. Chu as President, Chief Executive Officer and Principal Financial Officer of the Company, and appointment of Mr. Chu and Mr. Li as directors. At the time, the parties anticipated that the transaction contemplated by the Conqueror Share Exchange Agreement would not be completed at any time in future.

On December 7, 2012, LNP entered into the Original Exchange Agreement with ADGS and ADGS Holding. Pursuant to the Original Exchange Agreement, at the closing of the transaction contemplated thereunder (the “Transaction”), we agreed to acquire 100% of the issued and outstanding capital stock of ADGS, making ADGS a wholly-owned subsidiary of the Company. On March 28, 2013, we entered into an amendment (the “Amendment”) to the Original Exchange Agreement (the Original Exchange Agreement, as amended is referred to in this report as the “Exchange Agreement”) pursuant to which we agreed to acquire all of the outstanding shares of Almonds Kisses Limited (BVI), a British Virgin Islands company (“Almonds Kisses BVI”), from the eight shareholders of Almonds Kisses BVI (the “Shareholders”), instead of the shares of ADGS, on the same terms and conditions set forth in the Exchange Agreement. Almonds Kisses BVI is the owner of 100% of the issued and outstanding capital stock of ADGS. The Original Exchange Agreement incorrectly indicated that such owner was ADGS Holdings which error was corrected in the Amendment. The Shareholders are Tong Wing Yee, Tong Wing Shan, Tso Yin Yee, Pang Yiu Kwong, Sin Kok Ho, Fahy Roase-Collette, Tsang Kwai Chun and ADGS Holdings, each of whom executed the Amendment. In addition, on March 28, 2013, the parties to the Exchange Agreement entered into an Extension Agreement (the “Extension Agreement”) extending the closing date of the Transaction to on or before April 15, 2013.

Thus, upon consummation of the Acquisition which occurred on April 12, 2013, Almonds Kisses BVI became our wholly-owned subsidiary and the former shareholders of Almonds Kisses BVI became our controlling shareholders, and Almond Kisses BVI in turn owns all of the issued and outstanding capital stock of ADGS. In January 2013, Almonds Kisses BVI also became the owner of 100% of the issued and outstanding capital stock of Vantage, a Hong Kong corporation. Almond Kisses (BVI) in turn also owns all of the issued and outstanding capital stock of Vantage. ADGS owns 80% of ADGS Tax Advisory Limited (“ADGS Tax”) which is a Hong Kong incorporated holding company, and ADGS Tax owns a 30% interest in Dynamic Golden Limited which is also a Hong Kong incorporated company.

Almonds Kisses BVI was incorporated on March 1, 2011 as a limited liability company in the British Virgin Islands (“BVI”) and, as originally constituted, was owned by the eight Shareholders identified above. ADGS is a Hong Kong corporation which was incorporated on April 28, 2011 and, as originally constituted, was solely owned by Tong Wing Yee and Tong Wing Shan (two of the shareholders of Almonds Kisses BVI) until being acquired by Almonds Kisses BVI pursuant to a transaction completed on April 30, 2011 in contemplation of the Acquisition. In this regard and in anticipation of effecting a transaction which resulted in the Acquisition, on April 30, 2011 Tong Wing Yee and Tong Wing Shan exchanged their shares for additional shares in Almonds Kisses BVI in order to create a BVI holding company structure for the operating business. British Virgin Islands holding companies have been utilized in Hong Kong for many years by entrepreneurs undertaking business in Hong Kong. Management believes such structure may provide certain advantages in the future in that shares held in a Hong Kong corporation are subject to a fairly substantial stamp duty on the transfer of any of such shares while the transfer of shares in a BVI company is not subject to any stamp duty in the BVI. In addition, Management further believes the BVI holding company structure may provide other benefits in the future including more corporate flexibility in that mergers can be effected by a BVI company compared to Hong Kong where a Hong Kong company is not able to merge with any entity insofar that a merger is not provided for under the Hong Kong Companies Ordinance.

On July 19, 2013, Life Nutrition Products, Inc. changed its name to ADGS Advisory, Inc. The Company also changed its symbol from LIPN to ADGS on such date. ADGS Advisory, Inc. is a holding company.

On December 11, 2019, Rhonda Keaveney purchased 1,000,000 shares of Convertible Preferred Series A Stock from the Company, resulting in Ms. Keaveney gaining voting control of the Company

On January 30, 2020, Rhonda Keaveney sold the controlling voting shares to Golden Panegyric Inc., and a change of control took place.

On June 26, 2020, Golden Panegyric Inc. sold the controlling voting shares to Xuye Wu, and a change of control took place.

On August 31, 2020, pursuant to the Share Exchange Agreement, the Company acquired Quality Online Education Group Inc., an Ontario company, in exchange for 3 Billion (3,000,000,000) shares of common stock of the Company, and a change of control occurred.

On May 14, 2021, the Company changed its name to Quality Online Education Group Inc., and its symbol to “QOEG.”

Our Mission is to develop students' self-confidence so they can reach their goals through an enjoyable yet efficient learning experience.

Products

We have designed a holistic learning solution that enhances effective learning through the integration of live lessons, practice, and mentoring. Our academic materials for K12 students include pre-reading, picture books, videos, and songs. Through our custom-built mobile solutions, students and parents can set their goals and follow student progress in a one-stop service. Before taking lessons, students preview course materials using exercises and illustrations, supported by a pronunciation recognition and rating system. Our teaching assistants mentor students by coaching them on the proper learning methods and attending to their needs throughout the learning process. In August 2021, we introduced a new product line for the International English Language Testing System (IELTS) exam preparation course for adults. We have designed a holistic learning solution that enhances effective learning through the integration of live lessons, practice, assessment, and mentoring. Our live lessons allow for frequent interactions between students and teachers, which is a key factor in improving English communication skills. Assessments includes post-lesson quizzes and IELTS mock exams, both of which help students better assess their learning outcome and identify areas for improvement.

Live lessons

One on one online lessons with native English speaker teachers

A majority of our students take live one-on-one lessons. Lessons are typically 25 minutes long. Teachers and students interact using real-time audio and visual streaming technology. Our teachers provide instructions using our standardized curriculum. Teachers are allowed to adjust the pace of each lesson according to student performance and reaction, thus accommodating students across all learning curves.

In order to give students a consistent and seamless learning experience, we arrange the same teacher for most of the classes for each student, and the teaching assistants regularly review the feedback from students, their parents, and the teachers.

We pack our lessons into 3 groups – 75 lessons valid for 9 months, 150 lessons valid for 18 months, and 300 lessons valid for 36 months. The unit lesson price is different regarding the package the students choose and the teacher's teaching experience and background, ranging from USD \$6.5 to \$17.2.

Small class lessons with native English speaker teachers

In April 2021, we launched our small class program to give students more options that cater to their needs to learn with peers, with a fixed schedule, fixed classmates, and fixed teachers.

Students opting in for small class lessons will choose a class with a fixed teacher designated for the class and a fixed weekly schedule for a period of approximately three months. Students will take two lessons each week. Each lesson comprises two 25-minute sessions. Each small class is composed of up to four students. The small class lesson format encourages students to interact with the teachers and classmates and engage students in the in-class environment through learning with the same groups of classmates and teachers every time.

We offer the lesson in 3 groups – autumn term package, spring term package, and 1-year package. About 60 lessons for each term and 120 lessons for 1 year. The unit lesson price is USD \$ 4.15.

Effective Practice

Students are encouraged to preview course materials through our APP platform. Pre-lesson learning is particularly important, as such a process allows young students to engage in more productive interactions with teachers during live lessons.

Our pre-lesson studying system contains key vocabulary, word pronunciation practice, and grammar learning points. Our system is interactive, featuring audio functions that allow students to hear the correct pronunciation of key vocabulary words and model sentences. Students can record their pronunciation of individual words to be graded by our system. To build a more instinctive understanding of the English language for our students, our pre-lesson studying system relies on cartoons or interesting graphic stories to explain the meaning of vocabulary and phrases, rather than simply presenting the translation.

Mentoring by the Chinese service team

We maintain a pool of service teams or teachers for our students all around the world. In China, our local service team hosts regular preview and review lessons as part of the program. We also recently initiated our service in France, Brazil, Italy and Vietnam. We are planning to hire local service teams as our customer base in these countries. We have established stringent selection criteria and will make hiring decisions based on English proficiency, academic qualifications, and teaching experience.

Business Partners

We also provide a one-stop educational service to our business partners, including recruiting native English speaker tutors, customizing teaching content, and training the tutors. We provide native English speaker tutor recruiting and training services to business customers. Given the interactive nature of our lessons and targeting students, we seek to engage teachers who have a strong command of the English language and good communication skills. Prospective candidates must go through a resume screening, phone interview screening, pre-service orientation, new teacher training, and demonstration to be qualified to deliver live lessons to our students. We also leverage the native English speaker tutor recruiting and training services to business customers.

Teacher engagement

Our teachers from the Philippines and North America have high English proficiency and experience in service industries or the education industry. The individual skill sets and backgrounds of prospective teachers, combined with our rigorous selection and training program, have enabled us to build a team of passionate and patient teachers who are highly qualified to assist students in meeting their learning objectives. The majority of our teachers are university graduates in the Philippine, including many from reputable universities, medical and nursing schools, as well as experienced teachers. For our American Academy program, we mainly engage teachers from North America with primary school and kindergarten teaching experience.

We attract applicants through various online social media platforms and career websites and regularly participate in job fairs in the Philippines.

We provide the recruiting service to business partners, help them establish online English courses.

Teacher training and development

Through the ongoing online enhancement of teaching methods and teacher training centers in the Philippines, most of our teachers can develop the skills to communicate key learning points more effectively to our students. We believe that empowering our teachers with these skills is essential to improve the student experience and ensuring that our students receive a quality education. We also add requirements and customize the training content according to the demand of the business customers.

The newly engaged teachers are generally required to undergo standard training programs that focus on the curriculum from us or business customers, teaching skills in a live lesson setting, as well as the learning about the behavior and objectives of different types of students. After completing our new teacher training program, the candidates will be assessed by our team of experienced evaluators before they are allowed to offer lessons on our platform or start the service for our business customers.

The teachers are ranked according to student feedback and peer evaluation process. Teachers must accumulate the required amount of teaching hours, maintain high student ratings, and complete the training modules to get a promotion or salary increase. Our training program is updated and customized based on changes to our curriculum, the demand of business customers, and feedback from our quality assurance team and students.

Description of the Business

Quality Online Education Group Inc. (QOEG) is an E-learning company that provides comprehensive online lessons to students in different parts of the world. We deliver quality education to students and noticeable results from our passionate teachers and teaching assistants. We combined Education and Entertainment (Edu-tainment) as part of our method. It is our mission to develop confidence in our students so they can reach their goals with happiness and efficiency! The main business scope of the Group includes K12 English Online education services, courseware development, an exam preparation course of International English Language Testing System (IELTS) for adults, and Education-technology platform development.

Our Strategy – Business Plan

Quality Online Education Group, QOEG's operating company, was founded in August 2018 in Ontario Canada with a global reach. We provide comprehensive online English lessons to students around the world. English education resources are unbalanced between areas. The students in tier 2 and tier 3 China cities, as well as in some of the Southeast Asia and European countries are extremely under-served. To address this unmet need, we have developed online and mobile education platforms, customized the content and optimized the marketing method to provide high quality yet affordable products that enable students around the world to take live English lessons with English native speaking teachers. We connect our students with highly qualified foreign teachers. The teachers have gone through our rigorous selection and training process before they deliver lessons to the students. We hire, train, and manage our tutors for North America and the Philippines.

Our market consists of students from K12 to adults. The lessons we provide are focused on the interaction and application of English as well as test preparation such as IELTS.

While remaining based in Canada, we have successfully launched a direct selling model through Mommy Influencer in a few tier-2 cities in China. We also launched the same marketing plan in Italy and France. This business model is cost-effective, enabling us to save significant sales and marketing dollars and build a stronger cash flow outlook compared to the competitors who only use online advertising.

We are also launching small group lessons, one teacher teaches 2-4 students online at the same time, which unit price is lower than other competitors, which may be affordable for more students in our target cities yet with a higher margin.

We intend to further develop our sales of our online products through making it available and recognized in more cities, in China and expanding to more countries in need of English teaching resources. Moreover, we anticipate a greater margin of profit by increasing the student retention rate and launching new product lines, like group lessons.

Competitive Conditions

The online English education services market in general is fragmented, rapidly evolving, and highly competitive. We also face competition from other online and mobile platforms or internet companies that plan to expand their business into English education.

We believe that the principal competitive factors in our markets include the following:

- scope and quality of course offerings;
- quality and performance of the teachers;
- overall student experience and satisfaction;
- ability to effectively market course offerings to target customer groups, and
- cost-effectiveness of courses;

We believe that we are well-positioned to effectively compete in the selected cities' market in which we operate on the basis of our innovative approach to acquire students, scalable and efficient business model, extensive and high-quality teacher network, high course quality, and experienced management team caring about all the stakeholders including students, parents of our students, business partners, as well as the tutors.

However, some of our current or future competitors may have longer operating histories, greater brand recognition, or greater financial, technical, or marketing resources than we do. For a discussion of risks related to competition, see more discussion in "Risk Factors".

Sales and Marketing

To customer business marketing and sales

We market our platform through a combination of online social media and offline channels, and we also generate sales leads through referrals, which we called "The Mommy Influencer Sales". We plan to enter and provide our online lessons in about 200 mid-large cities, whose population between 500K-5M, in the next couple of years.

The Mommy Influencers

We have historically generated a significant percentage of our sales leads through word-of-mouth referrals by our students and their parents in K-12 product lines. New enrollments through word-of-mouth referrals have benefited from the rapid growth in our student base, as well as our reputation, brand, and the proven learning results of our students. We integrated social network functionalities into our mobile app, such as sharing functions with WeChat, to encourage students to share their learning experiences with their friends. We believe the rapid growth of our K-12 student base, greater brand awareness, and the success of our K-12 students in achieving their English learning objectives lead to more word-of-mouth referrals and the purchase of larger course packages by our K-12 students initially.

We have a KOL (Key Opinion Leader) marketing ecosystem in online and offline communities, including online social media groups and offline training camps. The KOLs bring significant leads to our sales team. We pay influencers when their referrals end up buying the products. It's known in marketing circles as fission sales. To support this sales model, we developed a virtual campus system and recruit headmasters for the virtual campus. Each headmaster manages a group of mommy influencers who provide leads to our telemarketing team.

Our telemarketing teams follow-up on sales leads by providing additional information and support and trying to convince prospective students to enroll in our free trial lessons. Our course consultants then follow up with prospective students who have taken our free trial lessons and promote course packages most suited to each student's background, proficiency, and learning objectives.

Branding

We are focused on promoting our brand and increasing the overall effectiveness of our sales and marketing efforts. In 2019, we engaged Chris Downs, an educator, author, teacher, celebrity, and popular guest star of a TV series and movies in China. We believe Chris's success in his career and image echoes with our company principle on delivering good quality education for all the students.

To business marketing and sales

We also provide online English tutor solutions to business customers by direct sales model. We help the business customers build up their own brand online English lessons or add native English speaker tutors. Many small-medium education centers and institutions around the globe are interested in expanding their product line to foreign teacher English lessons, for example, after school tutoring centers, kid's picture book clubs, immigration agencies etc.

We provide holistic solutions to business customers including recruiting, training, and managing the tutors. Our dedicated corporate sales force regularly communicates with potential business clients in every city we enter.

Regulation

While our classes are taught and originate in Canada, our students are mostly in China at this point but expanding in France and Italy. Therefore, we must follow a legal regime created and made by PRC lawmakers consisting of the National People's Congress, or the NPC, the country's highest legislative body, the State Council, the highest authority of the executive branch of the PRC central government, and several ministries and agencies under its authority, including the Ministry of Education, or the MOE, the Ministry of Industry and Information Technology, or the MIIT, the State Administration for Market Regulation (formerly known as the State Administration for Industry and Commerce), or the SAMR, and the National Press and Publication Administration (formerly known as the State Administration of Press Publication Radio Film and Television). This section summarizes the principal PRC regulations related to our business.

Regulation Relating to Value-added Telecommunications Services

On September 25, 2000, the State Council issued the PRC Regulations on Telecommunications, or the Telecommunications Regulations, as last amended on February 6, 2016, to regulate telecommunications activities in China. The Telecommunications Regulations divided the telecommunications services into two categories, namely "infrastructure telecommunications services" and "value-added telecommunications services." Pursuant to the Telecommunications Regulations, operators of value-added telecommunications services, or VATS, must first obtain a Value-added Telecommunications Business Operating License, or VATS License, from the MIIT or its provincial level counterparts. On July 3, 2017, the MIIT promulgated the Administrative Measures on Telecommunications Business Operating Licenses, which set forth more specific provisions regarding the types of licenses required to operate VATS, the qualifications and procedures for obtaining such licenses and the administration and supervision of such licenses.

The Classified Catalog of Telecommunications Services (2015 Version), or the 2015 MIIT Catalog, effective on March 1, 2016 and as amended on June 6, 2019, defines information services as "the information services provided for users through public communications networks or internet by means of information gathering, development, processing and the construction of the information platform." Moreover, information services continue to be classified as a category of VATS and are clarified to include information release and delivery services, information search and query services, information community platform services, information real-time interactive services, and information protection and processing services under the 2015 MIIT Catalog.

The Administrative Measures on Internet Information Services, or the ICP Measures, promulgated by the PRC State Council and as last amended on January 8, 2011, sets forth more specific rules on the provision of internet information services. According to the ICP Measures, any company that engages in the provision of commercial internet information services must obtain a sub-category VATS License for Internet Information Services, or the ICP License, from the relevant government authorities before providing any commercial internet information services within the PRC. Pursuant to the above-mentioned regulations, "commercial internet information services" generally refer to provision of specific information content, online advertising, web page construction and other online application services through the internet for profit making purpose. According to the ICP Measures, internet information service providers cannot produce, duplicate, publish or disseminate information that (i) is against any fundamental principles set out in the Constitution Law of China; (ii) endangers the national security, leaks the national secrets, incites to overthrow the national power, or undermines the national unity; (iii) damages the national honor or interests; (iv) incites the ethnic hatred and ethnic discrimination or undermines the solidarity among all ethnic groups; (v) undermines the national policies on religions and advocates religious cults and feudal superstition; (vi) disseminates rumors to disrupt the social order and undermines the social stability; (vii) disseminates the obscene materials, advocates gambling, violence, killing and terrorism, or instigates others to commit crimes; (viii) humiliates or defames others or infringes the legitimate rights and interests of others; and (ix) is otherwise prohibited by laws and regulations.

In addition to the Telecommunications Regulations and the other regulations discussed above, the provision of commercial internet information services on mobile internet apps is regulated by the Administrative Provisions on Mobile Internet Applications Information Services, which was promulgated by the Cyberspace Administration of China, or the CAC, on June 28, 2016 and came into effect on August 1, 2016. The providers of mobile internet applications are subject to requirements under these provisions, including acquiring the qualifications and complying with other requirements provided by laws and regulations and being responsible for information security.

Regulation Relating to Private Education

The Education Law of PRC, or the Education Law, sets forth provisions relating to the fundamental education systems of China, including a school system of pre-school education, primary education, secondary education and higher education, a system of nine-year compulsory education and a system of education certificates. The Education Law stipulates that the government formulates plans for the development of education, establishes and operates schools and other types of educational institutions, and in principle, enterprises, institutions, social organizations and individuals are encouraged to operate schools and other types of educational organizations in accordance with PRC laws and regulations.

On December 28, 2002, the Standing Committee of the National People's Congress, or the SCNPC, promulgated the Law for Promoting Private Education, or the Private Education Law, which was last amended on December 29, 2018. Pursuant to the Private Education Law, sponsors of private schools may choose to establish non-profit or for-profit private schools at their own discretion and the establishment of the private schools must be subject to approvals granted by relevant government authorities and registered with relevant registration authorities.

On April 7, 2021, the State Council promulgated the amended Regulations on the Implementation of the Law for Promoting Private Education of the PRC, or the Amended Implementation Regulations of Private Education Law, which will become effective on September 1, 2021. The Amended Implementation Regulations of Private Education Law provides that, among others, carrying out online education activities using internet technology is encouraged by the State and shall be in compliance with internet management related laws and regulations. A private school engaging in online education activities using internet technology shall obtain relevant private school operating permit. Moreover, it shall establish and implement internet security management systems and technical measures for security protection. Upon discovery of any information of which the release or transmission is prohibited by relevant laws or regulations, the private school shall immediately stop the transmission thereof and take measures such as deletion so as to prevent the information from spreading. Relevant records shall be kept and reported to the relevant competent authorities.

Regulation Relating to After-school Tutoring and Educational Apps

On February 13, 2018, the MOE, the Ministry of Civil Affairs, the Ministry of Human Resources and Social Security and the SAMR jointly promulgated the Circular on Alleviating After-school Burden on Primary and Secondary School Students and Implementing Inspections on After-school Training Institutions, pursuant to which the government authorities will carry out a series of inspections on after-school training institutions and order those with material potential safety risks to suspend business for self-inspection and rectification and those without proper establishment licenses or school operating permits to apply for relevant qualifications and certificates under the guidance of competent government authorities. Moreover, after-school training institutions must file with the local education authorities and publicly present the classes, courses, target students, class hours and other information relating to their academic training courses (primarily including courses on Chinese and mathematics). After-school training institutions are prohibited from providing academic training services beyond the scope or above the level of school textbooks, or organizing any academic competitions (such as Olympiad competitions) or level tests for students of primary and secondary schools. In addition, primary and secondary schools may not reference the student's performance in the after-school training institutions as one of admission criteria.

On August 6, 2018, the General Office of the State Council issued the Opinion on the Regulation of the Development of After-school Training Institutions, or State Council Circular 80, which primarily regulates the after-school training institutions targeting students in elementary and middle schools. State Council Circular 80 reiterates prior guidance that after-school training institutions must obtain a private school operating permit, and further requires such institutions to meet certain minimum requirements. For example, after-school training institutions are required to (i) have a training premise that satisfies specific safety criteria, with an average area per student of no less than three square meters during the applicable training period; (ii) comply with relevant requirements relating to fire safety, environmental protection, hygiene, food operation and others; (iii) purchase personal safety insurance for their students to reduce safety risks; and (iv) avoid hiring any teachers who are working concurrently in primary or secondary schools, and ensure that teachers tutoring in academic subjects (such as Chinese, mathematics, English, physics, chemistry and biology) have the corresponding teacher qualification licenses. In addition, after-school training institutions are prohibited from carrying out exam-oriented training, training that goes beyond the school syllabus, training in advance of the corresponding school schedule or any training activities associated with student admission, and they are not allowed to organize any level test, rank examination or competition on academic subjects for primary and secondary students. The training content of after-school training institutions cannot exceed the corresponding national curricular standards and training progress shall not be more accelerated than the corresponding progress of local schools. According to State Council Circular 80, after-school training institutions are also required to disclose and file relevant information regarding the institution, including their training content, schedule, targeted students and school timetable to the relevant education authority, and their training classes may not end later than 8:30 p.m. each day or otherwise conflict with the teaching time of local primary and secondary schools. Course fees can only be collected for courses in three months or shorter installments. Moreover, State Council Circular 80 requests that competent local authorities formulate relevant local standards for after-school training institutions within their administrative area. If an overseas listed after-school training institution publicizes overseas any periodical report, or any interim report on material adverse effect on its operation, it must concurrently publish the information in Chinese on its official website (or on the disclosure platform for securities exchange information in the absence of an official website). With respect to online education service providers, State Council Circular 80 provides a principle that regulatory authorities of networking, culture, information technology, radio and television industries should cooperate with regulatory authorities of education in supervising online education in their relevant industry. On May 6, 2020, the General Office of the MOE promulgated the Notice on the Negative List of Advanced Trainings for Six Compulsory Education Subjects (for Trial Implementation), which, in accordance with the State Council Circular 80, prohibits after-school training institutions from providing advanced trainings that do not follow the formal school curricula to the students in primary school and secondary school, and further defined activities that will be regarded as advanced training in the subjects of Chinese, mathematics, English, physics, chemistry and biology.

To strengthen the prevention and control of myopia among children and teenagers, the MOE, the SAMR, and certain other government authorities issued the Comprehensive Implementation Plan for Myopia Control in Children and Teenagers in August 2018, which requires, among others, that the schools (i) shall use electronic devices based on the principal of necessity, shall not rely on electronic devices for teaching and homework assignment and shall rather assign paper-based homework in principle, and shall limit use of electronic devices to no more than 30% of total teaching time; and (ii) shall strictly implement the learning and development guidelines for children aged from 3 to 6, pay attention to the importance of child life and play and avoid “primary school” teaching.

Provincial regulatory authorities of education should supervise the online after-school training institutions based on the policies regulating the offline after-school training institutions. In addition, online after-school training institutions are required to file the information of their courses, such as names, contents, target students, syllabi and schedules with the relevant provincial regulatory authorities of education and publish the name, photo, class schedule and certificate number of the teacher qualification license of each teacher on their websites.

On August 10, 2019, the MOE, jointly with certain other PRC government authorities, issued the Opinions on Guiding and Regulating the Orderly and Healthy Development of Educational Mobile Apps, or the Opinions on Educational Apps, which requires, among others, mobile Apps that provide services for school teaching and management, student learning and student life, or home-school interactions, with school faculties, students or parents as the main users and with education or learning as the main application scenarios, are educational Apps, which should be filed with competent provincial regulatory authorities for education. On November 11, 2019, the MOE issued the Administrative Measures on Filing of Educational Mobile Apps. In 2020, the MOE established a public channel that can be used to submit complaints with respect to educational apps and set a penalty points system based on the severity of the complaints. For serious complaints substantiated by relevant government authorities, an appropriate number of penalty points is recorded for the relevant educational app provider, and remedial measures also may be required. In the event that an educational app provider receives 12 or more penalty points within 12 months or certain types of serious complaints, the MOE may revoke such provider’s filing, blacklist such provider, remove its educational app from the app store, publicize the complaint or prohibit such provider from submitting any filings for six months. Complaints can be made against both educational app providers and users regarding a variety of matters including failure to file or obtain relevant permits; illegal or inappropriate information; inappropriate collection and use of personal information; and violation of relevant requirements for primary and secondary schools and online after-school training programs.

The Minors Protection Law issued by the Standing Committee of the National People's Congress on September 4, 1991, was recently amended on October 17, 2020, which will take effect on June 1, 2021. These laws, rules and regulations require companies that engage in advertising activities to obtain a business license that explicitly includes advertising in the business scope from the SAMR or its local branches.

Applicable PRC advertising laws, rules and regulations contain certain prohibitions on the content of advertisements in China (including prohibitions on misleading content, superlative wording, socially destabilizing content or content involving obscenities, superstition, violence, discrimination or infringement of the public interest). Education and/or training advertisements shall not contain the following contents: (i) explicit or implicit guarantee for successful enrolment to a higher grade, passing of examination, obtaining of degree qualification or passing certificate, or the effect of education or training; (ii) explicit or implicit expression of participation by the relevant examination body or its personnel, personnel setting examination questions in the education or training; and recommendation and/or endorsement by scientific research institutes, academic institutions, educational organizations, industry associations, professionals or beneficiaries using their name or image.

Violation of these laws, rules and regulations may result in penalties, including fines, confiscation of advertising income, orders to cease dissemination of the advertisements and orders to publish an advertisement correcting the misleading information. In circumstances involving serious violations, the SAMR or its local branches may revoke the violator's license or permit for advertising business operations. In addition, advertisers, advertising operators or advertising distributors may be subject to civil liability if they infringe the legal rights and interests of third parties, such as infringement of intellectual proprietary rights, unauthorized use of a name or portrait and defamation.

The PRC Pricing Law is promulgated by the SCNPC on December 29, 1997 and became effective on May 1, 1998. Pursuant to the PRC Pricing Law, an operator is prohibited from using false or misleading pricing methods to induce consumers or other operators to enter into transactions with it. Otherwise, such operator may be subject to penalties, including orders to make correction, confiscation of illegal income, fines, orders to cease operation for rectification or revocation of the business licenses.

The amended Copyright Law extends copyright protection to internet activities, products disseminated over the internet software products, audio-visual works and any other intellectual achievements which comply with the characteristics of the works. In addition, there is a voluntary registration system administered by the China Copyright Protection Center. To address the problem of copyright infringement related to the content posted or transmitted over the internet, the National Copyright Administration, or the NCAC, and the MIIT jointly promulgated the Measures for Administrative Protection of Copyright Related to Internet on April 29, 2005, which became effective on May 30, 2005.

Patents cannot be granted for scientific discoveries, rules and methods for intellectual activities, methods used to diagnose or treat diseases, animal and plant varieties or methods of nuclear transformation and substances obtained by means of nuclear transformation. The Patent Office under the National Intellectual Property Administration is responsible for receiving, examining and approving patent applications. A patent is valid for a twenty-year term for an invention, a ten-year term for a utility model and a fifteen-year term for a design, all starting from the application date. Except under certain specific circumstances provided by law, any third-party user must obtain consent or a proper license from the patent owner to use the patent, otherwise the use will constitute an infringement of the rights of the patent holder.

Trademarks are protected by the PRC Trademark Law, which was adopted in 1982, last revised in April 2019 and became effective in November 2019, as well as its implementation rules adopted in 2002 and revised in 2014. The Trademark Office of National Intellectual Property Administration under the SAMR handles trademark registrations and grants a protection term of ten years to registered trademarks which may be renewed for consecutive ten-year periods upon request by the trademark owner. The PRC Trademark Law has adopted a "first-to-file" principle with respect to trademark registration. Where a trademark for which a registration has been made is identical or similar to another trademark which has already been registered or been subject to a preliminary examination and approval for use on the same kind of or similar commodities or services, the application for registration of such trademark may be rejected. Any person applying for the registration of a trademark may not prejudice the existing right first obtained by others, nor may any person register in advance a trademark that has already been used by another party and has already gained a "sufficient degree of reputation" through such party's use. An application for registration of a malicious trademark not for use will be rejected and those who apply for trademark registration maliciously will be given administrative penalties of warnings or fines according to the circumstances; those who file trademark lawsuits maliciously will be punished by the people's court according to applicable laws.

On May 28, 2020, the National People's Congress approved the Civil Code of PRC, which took effect on January 1, 2021. Under the Civil Code, if an offender intentionally infringes upon the intellectual property rights of others and the circumstance is severe, the infringed party shall have the right to request for the corresponding punitive compensation.

Regulation on Foreign Currency Exchange

The principal regulations governing foreign currency exchange in China are the PRC Foreign Exchange Administration Regulations, or the Foreign Exchange Administration Regulations, which were promulgated by the State Council on January 29, 1996 and last amended on August 5, 2008. Under the Foreign Exchange Administration Regulations, Renminbi is generally freely convertible for payments of current account items, such as trade and service-related foreign exchange transactions and dividend payments, but not freely convertible for capital account items, such as direct investment, loan or investment in securities outside China, unless prior approval of SAFE or its local counterparts has been obtained.

On February 13, 2015, SAFE promulgated the Notice on Further Simplifying and Improving Policies for the Foreign Exchange Administration of Direct Investment, or SAFE Notice 13. After SAFE Notice 13 became effective on June 1, 2015, instead of applying for approvals regarding foreign exchange registrations of foreign direct investment and overseas direct investment from SAFE, entities and individuals may apply for such foreign exchange registrations from qualified banks. The qualified banks, under the supervision of SAFE, may directly review the applications and conduct the registration.

On March 30, 2015, SAFE promulgated the Notice of the State Administration of Foreign Exchange on Reforming the Administration of Foreign Exchange Settlement of Capital of Foreign-invested Enterprises, or SAFE Circular 19, which became effective on June 1, 2015 and was amended on December 30, 2019. According to SAFE Circular 19, the foreign exchange capital of FIEs shall be subject to the Discretionary Foreign Exchange Settlement, which means that the foreign exchange capital in the capital account of an FIE for which the rights and interests of monetary contribution have been confirmed by the local foreign exchange bureau (or the book-entry registration of monetary contribution by the banks) can be settled at the banks based on the actual operational needs of the FIE. The proportion of Discretionary Foreign Exchange Settlement of the foreign exchange capital of an FIE is temporarily set at 100%. The Renminbi converted from the foreign exchange capital will be kept in a designated account and if an FIE needs to make further payment from such account, it still needs to provide supporting documents and proceed with the review process with the banks. Furthermore, SAFE Circular 19 stipulates that the use of capital by FIEs shall follow the principles of authenticity and self-use within the business scope of enterprises. The capital of an FIE and capital in Renminbi obtained by the FIE from foreign exchange settlement shall not be used for the following purposes: (i) directly or indirectly used for payments beyond the business scope of the enterprises or payments as prohibited by relevant laws and regulations; (ii) directly or indirectly used for investment in securities unless otherwise provided by the relevant laws and regulations; (iii) directly or indirectly used for issuance of RMB entrusted loans, repayment of inter-enterprise loans (including advances by the third party) or repayment of bank loans that have been transferred to a third party; or (iv) directly or indirectly used for expenses related to the purchase of real estate that is not for self-use (except for the foreign-invested real estate enterprises).

The Circular on Reforming and Standardizing the Foreign Exchange Settlement Management Policy of Capital Account, or SAFE Circular 16, was promulgated by SAFE on June 9, 2016. Pursuant to SAFE Circular 16, enterprises registered in the PRC may also convert their foreign debts from foreign currency to Renminbi on a self-discretionary basis. SAFE Circular 16 provides a unified standard for the conversion of foreign exchange under capital account items (including but not limited to foreign currency capital and foreign debts) on a self-discretionary basis which applies to all enterprises registered in the PRC. SAFE Circular 16 reiterates the principle that Renminbi converted from foreign currency-denominated capital of a company may not be directly or indirectly used for purposes beyond its business scope or prohibited by PRC Laws, while such converted Renminbi shall not be provided as loans to its non-associated enterprises.

On January 26, 2017, SAFE promulgated the Circular on Further Improving Reform of Foreign Exchange Administration and Optimizing Genuineness and Compliance Verification, or Circular 3, which stipulates several capital control measures with respect to the outbound remittance of profit from domestic entities to offshore entities, including (i) under the principle of genuine transaction, banks shall check board resolutions regarding profit distribution, the original version of tax filing records and audited financial statements; and (ii) domestic entities shall hold income to account for previous years' losses before remitting the profits. Moreover, pursuant to Circular 3, domestic entities shall make detailed explanations of the sources of capital and utilization arrangements, and provide board resolutions, contracts and other proof when completing the registration procedures in connection with an outbound investment. On October 23, 2019, SAFE promulgated the Notice for Further Advancing the Facilitation of Cross-border Trade and Investment, or the SAFE Circular 28, which, among other things, allows all foreign-invested companies to use Renminbi converted from foreign currency-denominated capital for equity investments in China, as long as the equity investment is genuine, does not violate applicable laws, and complies with the negative list on foreign investment.

Regulation on education business operating in China

On July 24, 2021, China's official state media, including Xinhua News Agency and China Central Television, announced the Opinions on Further Alleviating the Burden of Homework and After-School Tutoring for Students in Compulsory Education (the "Opinion"), issued by the General Office of the CPC Central Committee and the General Office of the State Council. The Opinion contains high-level policy directives about requirements and restrictions related to online and offline after-school tutoring services, including, among others, (i) institutions providing after-school tutoring services on academic subjects in China's compulsory education system, or Academic AST Institutions, need to be registered as non-profit; (ii) changing the current registration-based regime for operating online Academic AST Institutions to a government approval-based regime; (iii) banning foreign teachers located overseas from providing tutoring services in China; (iv) foreign ownership in Academic AST Institutions is prohibited, including through contractual arrangements, and companies with existing foreign ownership need to rectify the situation; (v) listed companies are prohibited from raising capital to invest in businesses that teach academic subjects in compulsory education; (vi) academic AST Institutions are prohibited from providing tutoring services on academic subjects in compulsory education during public holidays, weekends, and school breaks; and, (vii) academic AST Institutions must follow the fee standards to be established by relevant authorities.

The Opinion also provides that institutions providing after-school tutoring services on academic subjects in high schools (which do not fall within China's compulsory education system) shall take into consideration the Opinion when conducting activities.

General Risks

The Company is a Smaller Reporting Company

QOEG (as this is the name of the ticker symbol) is a "smaller reporting company." Investing in our Common Stock involves a high degree of risk.

- We may be unable to invest the proceeds of this offering on acceptable terms, or at all.
- We are dependent on our key personnel for our success. The departure of any of our executive officers or key personnel could have a material adverse effect on our business.
- Our growth depends on external sources of capital, which may not be available on favorable terms or at all.
- Investors participating in this offering will incur immediate dilution.

Contingent or unknown liabilities could materially and adversely affect our business, financial condition, liquidity and results of operations.

We may in the future acquire online education companies, subject to liabilities and without any recourse, or with only limited recourse, with respect to unknown liabilities. As a result, if a claim were asserted against us based on ownership of any of these properties, we may have to pay substantial amounts to defend or settle the claim. If the magnitude of such unknown liabilities is high, individually or in the aggregate, our business, financial condition, liquidity and results of operations would be materially and adversely affected.

It is possible that investors may lose their entire investment.

We will be reliant on the proceeds of this offering to expand our operations. We may not be successful in implementing our business strategy or that we will be successful in achieving our objectives. Our prospects for success must be considered in the context of a thinly capitalized company in a highly competitive market. As a result, investors may lose their entire investment.

Risks Related to Financing Our Business

Expenses required to operate as a public company will reduce funds available to develop our business and could negatively affect our stock price and adversely affect our results of operations, cash flow and financial condition.

Operating as a public company is more expensive than operating as a private company, including additional funds required to obtain outside assistance from legal, accounting, investor relations, or other professionals that could be more costly than planned. We may also be required to hire additional staff to comply with additional SEC and OTC Markets reporting requirements. We anticipate that these costs will be approximately \$100,000 annually. Our failure to comply with reporting requirements and other provisions of securities laws could negatively affect our results of operations, cash flow and financial condition.

Our growth depends on external sources of capital, which may not be available on favorable terms or at all. In addition, investors, banks, and other financial institutions may be reluctant to enter into any lending or financial transactions with us, because we intend to enter into the cultivation and production of sustainable agriculture. If any of the source of funding is unavailable to us, our growth may be limited, and our operating profit may be impaired.

We may not be in a position to take advantage of attractive investment opportunities for growth if we are unable, due to global or regional economic uncertainty, changes in the state or federal regulatory environment relating to the sustainable agriculture industry, our own operating or financial performance or otherwise, to access capital markets on a timely basis and on favorable terms or at all. Because we intend to grow our business, this limitation may require us to raise additional equity or incur debt at a time when it may be disadvantageous to do so.

Our access to capital will depend upon a number of factors over which we have little or no control, including general market conditions and the market's perception of our current and potential future earnings. If general economic instability or downturn leads to an inability to obtain capital to finance, the operation could be negatively impacted. In addition, investors, banks, and other financial institutions may be reluctant to enter into financing transactions with us, because we intend to acquire properties for the use in the cultivation and production of sustainable agriculture. If this source of funding is unavailable to us, our growth may be limited.

Our ability to raise funding is subject to all of the above factors and will also be affected by our future financial position, results of operations and cash flows. All of these events would have a material adverse effect on our business, financial condition, liquidity, and results of operations.

Any future indebtedness reduces cash available for distribution and may expose us to the risk of default under debt obligations that we may incur in the future.

Payments of principal and interest on borrowings that we may incur in the future may leave us with insufficient cash resources to operate the business. Our level of debt and the limitations imposed on us by debt agreements could have significant material and adverse consequences, including the following:

- our cash flow may be insufficient to meet our required principal and interest payments;
- we may be unable to borrow additional funds as needed or on favorable terms, or at all;
- we may be unable to refinance our indebtedness at maturity or the refinancing terms may be less favorable than the terms of our original indebtedness;
- to the extent we borrow debt that bears interest at variable rates, increases in interest rates could materially increase our interest expense;
- we may default on our obligations or violate restrictive covenants; in which case the lenders may accelerate these debt obligations.
- our default under any loan with cross default provisions could result in a default on other indebtedness.

If any one of these events were to occur, our financial condition, results of operations, cash flow, and our ability to make distributions to our shareholders could be materially and adversely affected.

Risks Related to Our Organization, Structure and Business

We are dependent on our key personnel for our success.

We will depend upon the efforts, experience, diligence, skill, and network of business contacts of our senior management team; therefore, our success will depend on their continued service. The departure of any of our executive officers or key personnel could have a material adverse effect on our business. If any of our key personnel were to cease their employment, our operating results could suffer. Further, we do not intend to maintain key person life insurance that would provide us with proceeds in the event of death or disability of any of our key personnel.

We believe our future success depends upon our senior management team's ability to hire and retain highly skilled managerial, operational, and marketing personnel. Competition for such personnel is intense, and we cannot assure you that we will be successful in attracting and retaining such skilled personnel. If we lose or are unable to obtain the services of key personnel, our ability to implement our investment strategies could be delayed or hindered, and the value of your investment may decline.

Furthermore, we may retain independent contractors to provide various services for us, including administrative services, transfer agent services and professional services. Such contractors have no fiduciary duty to us and may not perform as expected or desired.

We have a limited operating history with our current business model, which makes it difficult to predict our future prospects and financial performance.

We have a short operating history with our current business model. Our business since inception has generated limited gross billings and revenues, and may not produce significant gross billings and revenues in the near term, or at all, which may harm our ability to obtain additional financing and may require us to reduce or discontinue our operations. If we do generate significant gross billings and revenues in the future, we expect it will be largely from the sale of our English course packages on our online and mobile education platforms. You must consider our business and prospects in light of the risks and difficulties we may encounter as an early-stage operating company in a new and rapidly evolving industry. We may not be able to successfully address these risks and difficulties, which could significantly harm our business, operating results, and financial condition.

Our senior management team will manage our business subject to very broad management guidelines and generally will not seek board approval for each management decision.

Our senior management team has discretion over the use of proceeds from this offering, and you will have no opportunity to evaluate the terms of transactions or other economic or financial data concerning our operations that are not described in this offering circular or other periodic filings with the SEC. Furthermore, currently a substantial portion of the net proceeds of this offering is not specifically committed to any specific projects or business. We will rely on the senior management team's ability to execute the business plan, subject to the oversight and approval of our board of directors. Accordingly, you should not purchase Common Stock of the Company unless you are willing to entrust all aspects of our day-to-day management to our senior management team.

Our board of directors may change our operation objectives and strategies without shareholders' consent.

Our board of directors determines our major policies, including regarding financing, growth, debt capitalization, distributions, and other material events. Our board of directors may amend or revise these and other policies without a vote of the shareholders. Under our Articles of Incorporation and Bylaws, our shareholders generally have a right to vote only on the following matters:

- change the name or other designation or the par value of the Common Stock;
- increase or decrease the aggregate number of Common Stock that we have the authority to issue;
- increase or decrease the aggregate number of Common Stock that we have the authority to issue; our being a party to a merger, consolidation, sale or other disposition of all or substantially all of our assets or statutory merger or acquisition.
- All other matters are subject to the discretion of our board of directors.

The fact that we have generated operating losses in the past raises doubt about our ability to continue as a going concern.

The Company may generate operating losses before the expansion of our courses and students. We may have to cover any shortfall in operating capital from sales of equity and debt securities, but there can be no assurance that we will continue to be able to do so. The unpredictable economy in the United States and Canada and the volatile public or private equity markets may make it more difficult for us to raise capital as and when we need it, and it is difficult for us to assess the impact this might have on our operations or liquidity. If we cannot raise the funds that we require to continue our business operations, there is a substantial risk that our business will fail.

We may be unable to attract and retain qualified, experienced, highly skilled personnel, which could adversely affect the implementation of our business plan.

Our success depends to a significant degree upon our ability to attract, retain and motivate skilled and qualified personnel. As we become a more mature company in the future, we may find recruiting and retention efforts more challenging. If we do not succeed in attracting, hiring and integrating excellent personnel, or retaining and motivating existing personnel, we may be unable to grow effectively. The loss of any key employee, including shareholders of our senior management team, and our inability to attract highly skilled personnel with sufficient experience in our industries could harm our business.

If we are not able to continue to attract students to purchase our course packages and to increase the spending of our students on our platform, our business and prospects will be materially and adversely affected.

Our ability to continue to attract students to purchase our course packages and to increase their spending on our education platform, are critical to the continued success and growth of our business. This in turn will depend on several factors, including our ability to effectively market our platform to a broader base of prospective students, continue to develop, adapt, or enhance quality educational content and services to meet the evolving demands of our existing or prospective students and expand our geographic reach. We must also manage our growth while maintaining consistent and high teaching quality, and respond effectively to competitive pressures. If we are unable to continue to attract students to purchase our course packages and to increase the spending of our students on our platform, our gross billings and net revenues may decline, which may have a material adverse effect on our business, financial condition and results of operations.

If we are unable to conduct sales and marketing activities cost-effectively, our results of operations and financial condition may be materially and adversely affected.

We have incurred significant sales and marketing expenses. Our sales expenses include telemarketing sales and free trial lesson related expenses, and our marketing expenses include online and offline marketing and seminar expenses.

Our sales activities may not be well received by students and may not result in the levels of sales that we anticipate, and our trial lessons may not be attractive to our prospective students. Furthermore, we may not be able to achieve the operational efficiency necessary to increase the gross billings per sales and marketing staff. We also may not be able to retain or recruit experienced sales staff, or to efficiently train junior sales staff. Further, marketing and branding approaches and tools in the online education market in China are evolving, especially for mobile platforms. This further requires us to enhance our marketing and branding approaches and experiment with new methods to keep pace with industry developments and student preferences. Failure to refine our existing marketing and branding approaches or to introduce new marketing and branding approaches in a cost-effective manner may reduce our market share, cause our revenues to decline and negatively impact our profitability.

If we are not able to continue to engage, train and retain qualified teachers, we may not be able to maintain consistent teaching quality on our platform, and our business, financial conditions and operating results may be materially and adversely affected.

Our teachers are critical to the learning experience of our students and our reputation. We seek to engage highly qualified teachers with strong English and teaching skills. We must provide competitive pay and other benefits, such as nice company culture and clear career path to attract and retain them. We must also provide ongoing training to our teachers to ensure that they stay abreast of changes in course materials, student demands and other changes and trends necessary to teach effectively. Furthermore, as we continue to develop new course contents and lesson formats, we may need to engage additional teachers with appropriate skill sets or backgrounds to deliver instructions effectively. We cannot guarantee that we will be able to effectively engage and train such teachers quickly, or at all. Further, given other potential more attractive opportunities for our quality teachers, over time some of them may choose to leave our platform. We have not experienced major difficulties in engaging, training or retaining qualified teachers in the past, however, we may not always be able to engage, train and retain enough qualified teachers to keep pace with our growth while maintaining consistent education quality. We may also face significant competition in engaging qualified teachers from our competitors or from other opportunities that are perceived as more desirable. A shortage of qualified teachers, a decrease in the quality of our teachers' performance, whether actual or perceived, or a significant increase in the cost to engage or retain qualified teachers would have a material adverse effect on our business and financial conditions and results of operations.

We face significant competition, and if we fail to compete effectively, we may lose our market share or fail to gain additional market share, which would adversely impact our business and financial conditions and operating results.

The English education market in China is fragmented, rapidly evolving and highly competitive. We face competition in K12 English proficiency education from existing online and offline education companies. In the future, we may also face competition from new entrants into the English education market.

Some of our competitors may be able to devote more resources than we can to the development and promotion of their education programs and respond more quickly than we can to changes in student demands, market trends or new technologies. In addition, some of our competitors may be able to respond more quickly to changes in student preferences or engage in price-cutting strategies. We cannot assure you that we will be able to compete successfully against current or future competitors. If we are unable to maintain our competitive position or otherwise respond to competitive pressure effectively, we may lose market share or be forced to reduce our fees for course packages, either of which would adversely impact our results of operations and financial condition.

If we fail to successfully execute our growth strategies, our business and prospects may be materially and adversely affected.

Our growth strategies include grow our student base and increase student enrollments, increasing our market penetration amongst K-12 students, expanding our course offerings, enhancing our teaching methods, improving the learning experience of our students, and advancing our technology. We may not succeed in executing these growth strategies due to a number of factors, including the following:

- we may not be able to replicate the success and growth of our business model from existing cities to other cities
- we may fail to further promote our platforms;
- we may not be successful in effectively delivering and promoting our small class lessons
- we may fail to effectively promote our solutions to business customers
- we may not be able to engage, train and retain a sufficient number of qualified teachers and other key personnel;
- we may not be able to continue to improve our personalized learning experience of our students and to enhance our existing courses or develop new courses, especially for young students, that meet the changing demands for English learners;
- we may fail to maintain the technology necessary to deliver a smooth learning experience to our students; and
- we may not be able to identify suitable targets for acquisitions and partnership.

If we fail to successfully execute our growth strategies, we may not be able to maintain our growth rate and our business and prospects may be materially and adversely affected as a result.

If we fail to develop and introduce new courses that meet our existing and prospective students' expectations, or adopt new technologies important to our business, our competitive position and ability to generate revenues may be materially and adversely affected.

Historically, our core business centered on one-on-one English courses. We have since expanded our course offerings to small class lessons, and test preparation targeting a wide range of student demographics. We intend to continue developing new courses. The timing of the introduction of new courses is subject to risks and uncertainties. Unexpected technical, operational, or other problems could delay or prevent the introduction of one or more new courses. Moreover, we cannot assure you that any of these courses or programs will match the quality or popularity of those developed by our competitors, achieve widespread market acceptance or contribute the desired level of income.

Technology standards in internet and value-added telecommunications services and products in general, and in online education in particular, may change over time. If we fail to anticipate and adapt to technological changes, our market share and our business development could suffer, which in turn could have a material and adverse effect on our financial condition and results of operations. If we are unsuccessful in addressing any of the risks related to new courses, our reputation and business may be materially and adversely affected.

Unexpected network interruptions, security breaches or computer virus attacks and system failures could have a material adverse effect on our business, financial condition, and results of operations.

Our business depends on the performance and reliability of the internet infrastructure in China, Canada and the Philippines. In China, almost all access to the internet is maintained through state-controlled telecommunications operators. In many parts of China and the Philippines, the internet infrastructure is relatively underdeveloped, and internet connections are generally slower and less stable than in more developed countries. We cannot assure you that the internet infrastructure in China and the Philippines will remain sufficiently reliable for our needs or that either country will ever develop and make available more reliable internet access to our students and teacher. Any failure to maintain the performance, reliability, security or availability of our network infrastructure may cause significant damage to our ability to attract and retain students and teachers. Major risks involving our network infrastructure include:

- disruption or failure in the national backbone networks in China, Canada or the Philippines, which would make it impossible for students and teachers to access our online and mobile platforms or to engage in live lessons;
- damage from natural disaster or other catastrophic event such as a typhoon, volcanic eruption, earthquake, flood, telecommunications failure, or other similar events in China or in the Philippines; and
- any infection by or spread of computer viruses.

Any network interruption or inadequacy that causes interruptions in the availability of our online and mobile platforms or deterioration in the quality of access to our online and mobile platforms could reduce student satisfaction and result in a reduction in the activity level of our students and the number of students purchasing our course packages. Furthermore, increases in the volume of traffic on our online and mobile platforms could strain the capacity of our existing computer systems and bandwidth, which could lead to slower response times or system failures. The internet infrastructure in China and in the Philippines may not support the demands associated with continued growth in internet usage. This would cause a disruption or suspension in our lesson delivery, which could hurt our brand and reputation. We may need to incur additional costs to upgrade our technology infrastructure and computer systems in order to accommodate increased demand if we anticipate that our systems cannot handle higher volumes of traffic in the future.

If the prices that we pay for telecommunications and internet services in China and the Philippines rise significantly, our gross profit and net income could be adversely affected. In addition, if internet access fees or other charges to internet users increase, our visitor traffic may decrease, which in turn may harm our revenues.

We use the streaming technology and infrastructure of a third-party to deliver all the lessons to our students and to conduct teacher training. Any interruption to or discontinuation of our cooperative relationship with this company may severely and negatively impact our ability to deliver our course content to students.

We use the technology of EEO EDUCATION TECHNOLOGY CO. LTD. (EEO), to deliver audio and video data, and their technology is important to our ongoing ability to operate our online and mobile education platforms. Loss of their services could keep us from operating.

Some students may decide not to continue taking our courses for a number of reasons, including a perceived lack of improvement in their English proficiency or general dissatisfaction with our programs, which may adversely affect our business, financial condition, results of operations and reputation.

The success of our business depends in large part on our ability to retain our students by delivering a satisfactory learning experience and improving their English proficiency. If students feel that we are not providing them the experience they are seeking, they may choose not to renew their existing packages. For example, our education programs may fail to significantly improve a student's English proficiency. There are no standard assessments or tests to measure the effectiveness of our lessons or teaching methods, and our ability to improve the English proficiency of our students is largely dependent upon the interests, efforts and time commitment of each student. For K-12 students, parent satisfaction with our programs is also a key factor. Their satisfaction may decline for a number of reasons, many of which may not reflect the effectiveness of our lessons and teaching methods. A student's learning experience may also suffer if his or her relationship with our teachers and teaching assistants does not meet expectations. We have observed an increase in forfeiture rate historically, which may negatively impact the perceived effectiveness of our curriculum and the level of student engagement on our platform. If a significant number of students fail to significantly improve their English proficiency after taking our lessons or if their learning experiences with us are unsatisfactory, they may not purchase additional lessons from us or refer other students to us and our business, financial condition, results of operations and reputation would be adversely affected.

Our failure to protect our intellectual property rights may undermine our competitive position, and litigation to protect our intellectual property rights or defend against third party allegations of infringement may be costly and ineffective.

We believe that our copyrights, trademarks and other intellectual property are essential to our success. We depend to a large extent on our ability to develop and maintain the intellectual property rights relating to our technology and course materials. We have devoted considerable time and energy to the development and improvement of our websites, mobile apps, and our course materials.

We rely primarily on copyrights, trademarks, trade secrets and other contractual restrictions for the protection of the intellectual property used in our business. Nevertheless, these provide only limited protection and the actions we take to protect our intellectual property rights may not be adequate. Third parties may in the future pirate our course materials and may infringe upon or misappropriate our other intellectual property. Infringement upon or the misappropriation of, our proprietary technologies or other intellectual property could have a material adverse effect on our business, financial condition or operating results. Policing the unauthorized use of proprietary technology can be difficult and expensive.

Also, litigation may be necessary to enforce our intellectual property rights, protect our trade secrets or determine the validity and scope of the proprietary rights of others. Such litigation may be costly and divert management's attention away from our business. An adverse determination in any such litigation would impair our intellectual property rights and may harm our business, prospects and reputation. Enforcement of judgments in China is uncertain, and even if we are successful in litigation, it may not provide us with an effective remedy. In addition, we have no insurance coverage against litigation costs and would have to bear all costs arising from such litigation to the extent we are unable to recover them from other parties. The occurrence of any of the foregoing could have a material adverse effect on our business, financial condition and results of operations.

We may encounter disputes from time to time relating to our use of intellectual property of third parties.

We cannot be certain that third parties will not claim that our business infringes upon or otherwise violates patents, copyrights or other intellectual property rights that they hold. We cannot assure you that third parties will not claim that our courses and marketing materials, online courses, products, and platform or other intellectual property developed or used by us infringe upon valid copyrights or other intellectual property rights that they hold. We may be subject to claims by educational institutions and organizations, content providers and publishers, competitors and others on the grounds of intellectual property rights infringement, defamation, negligence or other legal theories based on the content of the materials that we or our teachers distribute or use in our business operation. These types of claims have been brought, sometimes successfully, against print publications and educational institutions in the past. We may encounter disputes from time to time over rights and obligations concerning intellectual property, and we may not prevail in those disputes.

Any claims against us, with or without merit, could be time consuming and costly to defend or litigate, divert our management's attention and resources, or result in the loss of goodwill associated with our brand. If a lawsuit against us is successful, we may be required to pay substantial damages and/or enter into royalty or license agreements that may not be based upon commercially reasonable terms, or we may be unable to enter into such agreements at all. We may also lose, or be limited in, the rights to offer some of our programs, parts of our platform and products or be required to make changes to our course materials or websites. As a result, the scope of our course materials could be reduced, which could adversely affect the effectiveness of our curriculum, limit our ability to attract new students, harm our reputation and have a material adverse effect on our results of operations and financial position.

Failure to protect confidential information of our teachers and students against security breaches could damage our reputation and brand and substantially harm our business and results of operations.

A significant challenge to the online education industry is the secure storage of confidential information and its secure transmission over public networks. Other than purchases made by our corporate partners, all purchases of our course packages are made through our website and our mobile apps. In addition, online payments for our course packages are settled through third-party online payment services. Maintaining complete security for the storage and transmission of confidential information on our technology platform, such as student names, personal information and billing addresses, is essential to maintaining student confidence.

We have adopted security policies and measures to protect our proprietary data and student information. However, advances in technology, the expertise of hackers, new discoveries in the field of cryptography or other events or developments could result in a compromise or breach of the technology that we use to protect confidential information. We may not be able to prevent third parties, especially hackers or other individuals or entities engaging in similar activities, from illegally obtaining such confidential or private information we hold as a result of our students' visits to our website and use of our mobile apps. Such individuals or entities obtaining our students' confidential or private information may further engage in various other illegal activities using such information. Any negative publicity on our website's or mobile apps' safety or privacy protection mechanisms and policies, and any claims asserted against us or fines imposed upon us as a result of actual or perceived failures, could have a material and adverse effect on our public image, reputation, financial condition and results of operations.

Practices regarding the collection, use, storage, transmission and security of personal information by companies operating over the internet and mobile platforms have recently come under increased public scrutiny. Increased regulation by the PRC government of data privacy on the internet is likely and we may become subject to new laws and regulations applying to the solicitation, collection, processing or use of personal or consumer information that could affect how we store and process the data of our teachers and students. We generally comply with industry standards and are subject to the terms of our own privacy policies. Compliance with any additional laws could be expensive, and may place restrictions on the conduct of our business and the manner in which we interact with our students. Any failure to comply with applicable regulations could also result in regulatory enforcement actions against us.

Significant capital and other resources may be required to protect against information security breaches or to alleviate problems caused by such breaches or to comply with our privacy policies or privacy-related legal obligations. The resources required may increase over time as the methods used by hackers and others engaged in online criminal activities are increasingly sophisticated and constantly evolving. Any failure or perceived failure by us to prevent information security breaches or to comply with privacy policies or privacy-related legal obligations, or any compromise of security that results in the unauthorized release or transfer of personally identifiable information or other student data, could cause our students to lose trust in us and could expose us to legal claims. Any perception by the public that online transactions or the privacy of user information are becoming increasingly unsafe or vulnerable to attacks could inhibit the growth of online education services generally, which may negatively impact our business prospects.

Our employees may engage in misconduct or other improper activities or misuse our platform, which could harm our reputation.

We are exposed to the risk of employee fraud or other misconduct. Employee misconduct could include intentionally failing to comply government regulations, engaging in unauthorized activities and misrepresentation to our potential students during marketing activities, which could harm our reputation. Employee misconduct could also involve improper use of our students' and teachers' sensitive or classified information, which could result in regulatory sanctions against us and serious harm to our reputation. Employee misconduct could also involve making payments to government officials or third parties that would expose us to being in violation of laws. It is not always possible to deter employee misconduct, and the precautions we take to prevent and detect this activity may not be effective in controlling unknown or unmanaged risks or losses, which could harm our business, financial condition and results of operations.

We may not be able to achieve the benefits we expect from recent and future acquisitions, and recent and future acquisitions may have an adverse effect on our ability to manage our business.

We intend to make acquisitions or equity investments in additional businesses that complement our existing business. We may not be able to successfully integrate acquired businesses and we may not have control over the businesses or operations of our minority equity investments, the value of which may decline over time. As a result, our business and operating results could be harmed. In addition, if the businesses we acquire or invest in do not subsequently generate the anticipated financial performance or if any goodwill impairment test triggering event occurs, we may need to revalue or write down the value of goodwill and other intangible assets in connection with such acquisitions or investments, which would harm our results of operations. In addition, we may be unable to identify appropriate acquisition or strategic investment targets when it is necessary or desirable to make such acquisition or investment to remain competitive or to expand our business. Even if we identify an appropriate acquisition or investment target, we may not be able to negotiate the terms of the acquisition or investment successfully, finance the proposed transaction or integrate the relevant businesses into our existing business and operations.

We are subject to certain regional political and economic risks that may have a material adverse effect on our results of operations.

We engage teachers and operate offices mostly in North America, with some in the Philippines. Accordingly, our business, results of operations and financial condition may be materially and adversely affected by significant political, social and economic developments in North America and the Philippines or changes in the laws and regulations. In particular, our operations and our operating results may be adversely affected by:

- changes in policies of the government or changes in laws and regulations, or in the interpretation or enforcement of these laws and regulations;
- measures that may be introduced to control inflation, such as interest rate increases or bank account withdrawal controls; and
- changes in the tax laws and regulations.

The opinion announced on July 24, 2021 by China's official state media may lead to policies and regulations that have material impacts on our existing business operations, financial condition, and corporate structure.

In addition, the Philippines has and may in the future experience political instability, including strikes, demonstrations, protests, marches, or other types of civil disorder. These instabilities and any adverse changes in the political environment in the Philippines could increase our costs, increase our exposure to legal and business risks, disrupt our office operations in the Philippines or affect our ability to engage teachers. We engage our teachers in the Philippines as independent contractors, whose rights are different from those of employees. Under Philippine labor laws, the level and extent of control exercised by the hiring entity would determine the employment status. Our labor costs will increase if we engage our teachers in the Philippines as full-time employees or if courts or relevant authorities in the Philippines determine that our teachers are deemed employees.

Our results of operations are subject to seasonal fluctuations.

Our industry generally experiences seasonality, reflecting a combination of traditional education industry patterns and new patterns associated with the online platform in particular. Seasonal fluctuations have affected, and are likely to continue to affect, our business. In general, our industry experiences lower gross billings growth in the first quarter of each calendar year due to the Chinese New Year holiday, and our industry enjoys higher gross billings growth during the summer months as K-12 students are generally on summer holiday and have more time to take lessons. Overall, the historical seasonality of our business has been relatively mild due to our rapid growth. As of K-12 students are our main customer groups the seasonality may become more prominent, especially in the third quarter of each year. Due to our limited operating history, the seasonal trends that we have experienced in the past may not be indicative of our future operating results. Our financial condition and results of operations for future periods may continue to fluctuate.

Risks Related to Our Stockholders and Purchasing Shares of Common Stock

Your percentage of ownership may become diluted if we issue new Common Stock or other securities, including shares that are eligible for exchange.

Our board of directors is authorized, without your approval, to cause us to issue additional Common Stock to raise capital through the issuance of Common Stock (including equity or debt securities convertible into Common Stock), and other rights, on terms and for consideration as our board of directors in its sole discretion may determine. Any such issuance could result in dilution of the equity of our shareholders. We also have 1,174,848,360 as of August 11, 2021 shares that are still exchangeable from Quality Online Education Group Inc, an Ontario company, and our subsidiary, which could cause us to issue 1,174,848,360 new shares of OQEG common stock, which would further dilute our current shareholders and any investors in this Offering

We have not voluntarily implemented various corporate governance measures.

Federal legislation, including the Sarbanes-Oxley Act of 2002, has resulted in the adoption of various corporate governance measures designed to promote the integrity of the corporate management and the securities markets. Some of these measures have been adopted in response to legal requirements. Others have been adopted by companies in response to the requirements of national securities exchanges, such as the NYSE or The NASDAQ Stock Market, on which their securities are listed. Among the corporate governance measures that are required under the rules of national securities exchanges are those that address board of directors' independence, audit committee oversight and the adoption of a Code of Ethics. Our Board of Directors expects to adopt a Code of Ethics at its next Board meeting. The Company has not adopted exchange-mandated corporate governance measures and, since our securities are not listed on a national securities exchange, we are not required to do so. It is possible that if we were to adopt some or all of these corporate governance measures, stockholders would benefit from somewhat greater assurances that internal corporate decisions were being made by disinterested directors and that policies had been implemented to define responsible conduct. For example, in the absence of audit, nominating and compensation committees comprised of at least a majority of independent directors, decisions concerning matters such as compensation packages to our senior officers and recommendations for director nominees may be made by a majority of directors who have an interest in the outcome of the matters being decided. Prospective investors should bear in mind our current lack of corporate governance measures in formulating their investment decisions.

We may be exposed to potential risks relating to our internal control over financial reporting.

As directed by Section 404 of the Sarbanes-Oxley Act of 2002 ("SOX 404"), the SEC has adopted rules requiring public companies to include a report of management on the Company's internal control over financial reporting in its annual reports. While we expect to expend significant resources in developing the necessary documentation and testing procedures required by SOX 404, there is a risk that we will not comply with all of the requirements imposed thereby. At present, there is no precedent available with which to measure compliance adequately. In the event we identify significant deficiencies or material weaknesses in our internal control over financial reporting that we cannot remediate in a timely manner, investors and others may lose confidence in the reliability of our financial statements and our ability to obtain equity or debt financing could suffer.

We have many authorized but unissued shares of our common stock.

We have a large number of authorized but unissued shares of common stock, which our management may issue without further stockholder approval, thereby causing dilution of your holdings of our common stock. Our management will continue to have broad discretion to issue shares of our common stock in a range of transactions, including capital-raising transactions, mergers, acquisitions, and other transactions, without obtaining stockholder approval, unless stockholder approval is required. If our management determines to issue shares of our common stock from the large pool of authorized but unissued shares for any purpose in the future, your ownership position would be diluted without your further ability to vote on that transaction.

Shares of our common stock may continue to be subject to illiquidity because our shares may continue to be thinly traded and may never become eligible for trading on a national securities exchange.

While we may at some point be able to meet the requirements necessary for our common stock to be listed on a national securities exchange, we cannot assure you that we will ever achieve a listing of our common stock on a national securities exchange. Our shares will only be eligible for quotation on the OTC Markets, which is not an exchange. Initial listing on a national securities exchange is subject to a variety of requirements, including minimum trading price and minimum public "float" requirements, and could also be affected by the general skepticism of such markets concerning companies that are the result of mergers with inactive, publicly-held companies. There are also continuing eligibility requirements for companies listed on public trading markets. If we are unable to satisfy the initial or continuing eligibility requirements of any such market, then our stock may not be listed or could be delisted. This could result in a lower trading price for our common stock and may limit your ability to sell your shares, any of which could result in you losing some or all of your investments.

The market valuation of our business may fluctuate due to factors beyond our control and the value of your investment may fluctuate correspondingly.

The market valuation of emerging growth companies, such as us, frequently fluctuate due to factors unrelated to the past or present operating performance of such companies. Our market valuation may fluctuate significantly in response to a number of factors, many of which are beyond our control, including:

- i. changes in securities analysts' estimates of our financial performance, although there are currently no analysts covering our stock;
- ii. fluctuations in stock market prices and volumes, particularly among securities of emerging growth companies;
- iii. changes in market valuations of similar companies;
- iv. announcements by us or our competitors of significant contracts, new technologies, acquisitions, commercial relationships, joint ventures or capital commitments;
- v. variations in our quarterly operating results;
- vi. fluctuations in related labor cost; and
- vii. additions or departures of key personnel.

As a result, the value of your investment in us may fluctuate.

We have never paid dividends on our common stock.

We have never paid cash dividends on our common stock and do not presently intend to pay any dividends in the foreseeable future. Investors should not look to dividends as a source of income.

In the interest of reinvesting initial profits back into our business, we do not intend to pay cash dividends in the foreseeable future. Consequently, any economic return will initially be derived, if at all, from appreciation in the fair market value of our stock, and not as a result of dividend payments.

USE OF PROCEEDS

We will not receive any of the proceeds from the sale of the common stock by the Selling Shareholders. We will use our best efforts to raise a maximum of \$10,000,000 for the Company in this offering. We are requiring no minimum offering proceeds threshold. The table below summarizes how we will utilize the proceeds of this offering, including in the event that the Company raises less than the full amount expected (\$10,000,000). The actual amount of proceeds realized may differ from the amounts summarized below (1). To successfully carry out our stated goals, QOEG would need \$9,500,000, including capital raised in this offering. If we don't raise enough proceeds in this offering or generate sufficient revenue, our working capital goal may not be met. Furthermore, without sufficient proceeds from this offering or the generation of sufficient revenue, some of our other expenses, including advertising and marketing, website design, and operating and equipment may not be incurred or undertaken. While we anticipate incurring \$50,000 total in offering expenses it was and will be paid from an investment by our President. While QOEG hopes to secure sufficient funds in the Offering described herein, there is no minimum offering amount. If we cannot obtain needed funds, we may be forced to curtail or cease our activities altogether.

Note: After reviewing the portion of the offering allocated to the payment of offering expenses, and to the immediate payment to management and promoters of any fees, reimbursements, past salaries or similar payments, a potential investor should consider whether the remaining portion of his investment, which would be that part available for future development of the Company's business and operations, would be adequate.

No assets are planned to be acquired from officers, directors, employees or principal stockholders of the Company or their associates.

Legal & Accounting fees will also be used to continue auditing our financials and keep in compliance with FINRA and the SEC and OTC Markets (if needed).

The Company plans to build up its executive team, support staff and skilled labor with its Salaries & Operating budget.

As of May 31, 2021, the Company owed its officers \$0.00 in unpaid wages.

The Company has sustained operating losses since inception, and it has been dependent upon limited private lending to provide enough working capital in order to finance its operations. Management believes that it can continue to raise debt and equity financing to support its operations. The Company's ability to continue in existence is dependent upon developing additional sources of capital and/or achieving profitable operations.

The proceeds from this offering would satisfy the Company's cash requirements for the next 12 months, if realized in full. There is no assurance that we will sell any of the Commitment Shares, if at all.

We intend to raise additional capital through equity and debt financing as needed, though there cannot be any assurance that such funds will be available to us on acceptable terms, on an acceptable schedule, or at all.

The amounts and timing of our actual expenditures will depend on numerous factors, including the status of our product sales and marketing efforts, the amount of proceeds received from the exercise of the Warrants, and the amount of cash generated through our existing strategic collaborations and any additional strategic collaborations into which we may enter.

- our history and prospects and the history of and prospects for the industry in which we compete;
- our past and present financial performance;
- our prospects for future earnings and the present state of our development;
- the general condition of the securities markets at the time of this Offering;
- the recent market prices of, and demand for, publicly traded common stock of generally comparable companies; and
- other factors deemed relevant by us.

The Selling Shareholders will sell their shares pursuant to the Company's Regulation A offering at the fixed price of \$0.02. We will not receive any proceeds from the sale of shares by the Selling Shareholders.

DILUTION

If you purchase shares in this Offering, your ownership interest in our Common Stock will be diluted immediately, to the extent of the difference between the price to the public charged for each share in this Offering and the net tangible book value per share of our Common Stock after this Offering.

If the maximum 500,000,000 new shares of Common Stock in this Offering at the public offering price of \$0.02 per share, after deducting approximately \$50,000 in offering expenses payable by us, our pro forma as adjusted net tangible book value would have been \$9,284,848 or \$0.0045 per share as at May 31, 2021. This amount represents an immediate increase in pro forma net tangible book value of 0.00492 per share to our existing stockholders at the date of this Offering Circular, and an immediate dilution in pro forma net tangible book value of approximately \$0.01551 per share to new investors purchasing shares of Common Stock in this Offering at a price of \$0.02 per share.

Liquidity, Capital Resources and Plan of Operations

Going Concern

Our financial statements appearing elsewhere in this offering circular have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company's ability to continue as a going concern is contingent upon its ability to raise additional capital as required. For the fiscal third quarter ended May 31, 2021, the Company incurred net losses of \$(458,648). Initially, we intend to finance our operations through equity financings.

Our auditors have indicated that these conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might result from this uncertainty.

There are no external sources of liquidity.

Financings and Securities Offerings

Investing Activities.

Since inception, our principal sources of operating funds have been proceeds from equity financing including the sale of our Common Stock to initial investors known to management and principal shareholders of the Company. We do not expect that our current cash on hand will fund our existing operations. We will need to raise additional capital in order execute our business plan and growth goals for at least the next twelve-month period thereafter. If the Company is unable to raise sufficient additional funds, it will have to execute a slower than planned growth path, reduce overhead and scale back its business plan until sufficient additional capital is raised to support further operational expansion and growth. There can be no assurance that such a plan will be successful.

Company Background and History:

Quality Online Education Group, Inc. (the “Company”) was incorporated on September 20, 2007 as Life Nutrition Products, Inc. and was previously a dietary supplement company specializing in the development marketing and distribution of all natural, proprietary, dietary supplements under the names Trim For Life® Appetite Control and Trim For Life® Energy Formula. Pursuant to a Certificate of Amendment to our Certificate of Incorporation filed with the State of Delaware and effective as of July 19, 2013, LNP changed its corporate name to “ADGS Advisory, Inc.”. On May 14, 2021, the Company changed its name to Quality Online Education Group Inc., and its symbol to “QOEG.”

On September 7, 2010, the Company entered into a Share Exchange Agreement (the “Conqueror Share Exchange Agreement”) with Conqueror Group Limited, a Hong Kong corporation (“Conqueror”) and Acumen Charm Ltd., a British Virgin Islands corporation (the “Conqueror Shareholder”). Pursuant to the Conqueror Share Exchange Agreement, at the closing of the transaction contemplated in the Conqueror Share Exchange Agreement (the “Conqueror Transaction”), the Company was to acquire 100% of the issued and outstanding capital stock of Conqueror from the Conqueror Shareholder, making Conqueror a wholly-owned subsidiary of the Company.

The Closing was to transpire on or before January 31, 2011 but it did not occur by that date. However, as of May 11, 2011, among other things, Michael M. Salerno, the Company’s then sole officer and director, resigned as an officer and director of the Company, and appointed Chu Zhanjun and Li Gang as directors, and Chu Zhanjun as President, Chief Executive Officer and Principal Financial Officer of the Company, each a designee of Conqueror. As a result, a change in control occurred, due to the resignation of Mr. Salerno as sole officer and director, appointment of Mr. Chu as President, Chief Executive Officer and Principal Financial Officer of the Company, and appointment of Mr. Chu and Mr. Li as directors. At the time, the parties anticipated that the transaction contemplated by the Conqueror Share Exchange Agreement would not be completed at any time in future.

On December 7, 2012, LNP entered into the Original Exchange Agreement with ADGS and ADGS Holding. Pursuant to the Original Exchange Agreement, at the closing of the transaction contemplated thereunder (the “Transaction”), we agreed to acquire 100% of the issued and outstanding capital stock of ADGS, making ADGS a wholly-owned subsidiary of the Company. On March 28, 2013, we entered into an amendment (the “Amendment”) to the Original Exchange Agreement (the Original Exchange Agreement, as amended is referred to in this report as the “Exchange Agreement”) pursuant to which we agreed to acquire all of the outstanding shares of Almonds Kisses Limited (BVI), a British Virgin Islands company (“Almonds Kisses BVI”), from the eight shareholders of Almonds Kisses BVI (the “Shareholders”), instead of the shares of ADGS, on the same terms and conditions set forth in the Exchange Agreement. Almonds Kisses BVI is the owner of 100% of the issued and outstanding capital stock of ADGS. The Original Exchange Agreement incorrectly indicated that such owner was ADGS Holdings which error was corrected in the Amendment. The Shareholders are Tong Wing Yee, Tong Wing Shan, Tso Yin Yee, Pang Yiu Kwong, Sin Kok Ho, Fahy Roase-Collette, Tsang Kwai Chun and ADGS Holdings, each of whom executed the Amendment. In addition, on March 28, 2013, the parties to the Exchange Agreement entered into an Extension Agreement (the “Extension Agreement”) extending the closing date of the Transaction to on or before April 15, 2013.

Thus, upon consummation of the Acquisition which occurred on April 12, 2013, Almonds Kisses BVI became our wholly-owned subsidiary and the former shareholders of Almonds Kisses BVI became our controlling shareholders, and Almond Kisses BVI in turn owns all of the issued and outstanding capital stock of ADGS. In January 2013, Almonds Kisses BVI also became the owner of 100% of the issued and outstanding capital stock of Vantage, a Hong Kong corporation. Almond Kisses (BVI) in turn also owns all of the issued and outstanding capital stock of Vantage. ADGS owns 80% of ADGS Tax Advisory Limited (“ADGS Tax”) which is a Hong Kong incorporated holding company, and ADGS Tax owns a 30% interest in Dynamic Golden Limited which is also a Hong Kong incorporated company.

Almonds Kisses BVI was incorporated on March 1, 2011 as a limited liability company in the British Virgin Islands (“BVI”) and, as originally constituted, was owned by the eight Shareholders identified above. ADGS is a Hong Kong corporation which was incorporated on April 28, 2011 and, as originally constituted, was solely owned by Tong Wing Yee and Tong Wing Shan (two of the shareholders of Almonds Kisses BVI) until being acquired by Almonds Kisses BVI pursuant to a transaction completed on April 30, 2011 in contemplation of the Acquisition. In this regard and in anticipation of effecting a transaction which resulted in the Acquisition, on April 30, 2011 Tong Wing Yee and Tong Wing Shan exchanged their shares for additional shares in Almonds Kisses BVI in order to create a BVI holding company structure for the operating business. British Virgin Islands holding companies have been utilized in Hong Kong for many years by entrepreneurs undertaking business in Hong Kong. Management believes such structure may provide certain advantages in the future in that shares held in a Hong Kong corporation are subject to a fairly substantial stamp duty on the transfer of any of such shares while the transfer of shares in a BVI company is not subject to any stamp duty in the BVI. In addition, Management further believes the BVI holding company structure may provide other benefits in the future including more corporate flexibility in that mergers can be effected by a BVI company compared to Hong Kong where a Hong Kong company is not able to merge with any entity insofar that a merger is not provided for under the Hong Kong Companies Ordinance.

Business Strategy

Quality Online Education Group has founded in Aug 2018 in Ontario Canada with a global reach. We provide comprehensive online English lessons to students around the world. English education resource are unbalanced between areas. The students of tier 2 and tier 3 cities in China and some southeast Asian countries are extremely under-served. To address this unmet need, we have developed online and mobile education platforms, customized the content and optimized the marketing method to provide high quality yet affordable products that enable students around the world to take live online English lessons with native English-speaking teachers. We connect our students with highly qualified teachers who have gone through our rigorous selection and training process before they deliver lessons. We hire, train, and manage our tutors from North America and the Philippines.

Our market consists of students from K12 to adults. The lessons we provide are focused on the interaction and application of English as well as test preparation such as IELTS

We have successfully launched a direct selling model through Mommy Influencer in a few tier-2 cities in China as well as in Italy, Brazil and France. This business model is cost-effective, saving us significant sales and marketing dollars and build a better cash flow outlook compare to the competitors who only use online advertisement. With the proper expansion of operations, coupled with the replication of our direct selling model to targeted areas around the world more than 200 cities around the globe, we expect to achieve magnitudes of exponential growth.

Company's Plan of Operation.

We are also launching small group lessons, where one teacher teaches 2-4 students online at the same time. The one to many model has lower unit price than other competitors, and may be affordable for more students in our target cities yet yield with a higher margin.

We intend to further develop our sales platform by entering additional cities in China and other countries in need of English teaching resources. Also, we plan to develop and launch new product lines such as the test preparation trainings for IELTS and the like. We anticipate a greater margin of profit through increasing the student retention rate and launching new product lines, like group lessons.

Each of the Board committees, when established, will also provide risk oversight in respect of its areas of concentration and reports material risks to the board for further consideration.

Term of Office

Directors serve until the next annual meeting and until their successors are elected and qualified. Officers are appointed to serve for one (1) year until the meeting of the Board following the annual meeting of shareholders and until their successors have been elected and qualified.

Director Independence

We use the definition of “independence” of The NASDAQ Stock Market to make this determination. NASDAQ Listing Rule 5605(a)(2) provides that an “independent director” is a person other than an officer or employee of the company or any other individual having a relationship which, in the opinion of the Company’s Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The NASDAQ listing rules provide that a director cannot be considered independent if:

- the director is, or at any time during the past three (3) years was, an employee of the company;
- the director or a family member of the director accepted any compensation from the company in excess of \$120,000 during any period of twelve (12) consecutive months within the three (3) years preceding the independence determination (subject to certain exemptions, including, among other things, compensation for board or board committee service);
- the director or a family member of the director is a partner in, controlling shareholder of, or an executive officer of an entity to which the company made, or from which the company received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient’s consolidated gross revenue for that year or \$200,000, whichever is greater (subject to certain exemptions);
- the director or a family member of the director is employed as an executive officer of an entity where, at any time during the past three (3) years, any of the executive officers of the company served on the compensation committee of such other entity; or
- the director or a family member of the director is a current partner of the company’s outside auditor, or at any time during the past three (3) years was a partner or employee of the company’s outside auditor, and who worked on the company’s audit.

Under such definitions, we have no independent directors. However, our Common Stock is not currently quoted or listed on any national exchange or interdealer quotation system with a requirement that a majority of our Board be independent and, therefore, the Company is not subject to any director independence requirements.

Family Relationships

There are no additional family members serving as Officers and Directors of the Company.

Involvement in Certain Legal Proceedings

During the past five years none of our directors, executive officers, promoters or control persons was:

- 1) the subject of any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- 2) convicted in a criminal proceeding or is subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);
- 3) subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities or banking activities; or
- 4) found by a court of competent jurisdiction (in a civil action), the Commission or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law.

Code of Business Conduct and Ethics

Our Board plans to adopt a written code of business conduct and ethics (“Code”) that applies to our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer or controller, or persons performing similar functions. We intend to post on our website a current copy of the Code and all disclosures that are required by law in regard to any amendments to, or waivers from, any provision of the Code.

Evaluation of Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)). Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered in this report, our disclosure controls and procedures were not effective to ensure that information required to be disclosed in reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. To address the material weaknesses, we performed additional analysis and other post-closing procedures in an effort to ensure our consolidated financial statements included in this offering circular have been prepared in accordance with generally accepted accounting principles. Accordingly, management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Management's Report on Internal Control over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rule 13a-15(f) under the Securities Exchange Act, as amended. Internal control over financial reporting is a process designed by, or under the supervision of, the Chief Executive Officer and Principal Accounting Officer and effected by our Board of Directors, management, and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

The framework our management uses to evaluate the effectiveness of our internal control over financial reporting is based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework). Based on our evaluation under the framework described above, our management has concluded that our internal control over financial reporting was ineffective as of August 31, 2020 due to the same material weaknesses that rendered our disclosure controls and procedures ineffective. The Company's internal control over financial reporting is not effective due to a lack of sufficient resources to hire a support staff in order to separate duties between different individuals. The Company lacks the appropriate personnel to handle all the varying recording and reporting tasks on a timely basis. The Company plans to address these material weaknesses as resources become available by hiring additional professional staff, such as a Chief Financial Officer, as funding becomes available, outsourcing certain aspects of the recording and reporting functions, and separating responsibilities. We have identified the following material weaknesses.

1. As of August 30, 2020, we did not maintain effective controls over the control environment. Specifically, we have not developed and effectively communicated to our employees the accounting policies and procedures. This has resulted in inconsistent practices. Further, the Board of Directors does not currently have any independent members and no director qualifies as an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K. Since these entity level programs have a pervasive effect across the organization, management has determined that these circumstances constitute a material weakness.
2. As of August 30, 2019, we did not maintain effective controls over financial statement disclosure. Specifically, controls were not designed and in place to ensure that all disclosures required were originally addressed in our financial statements. Accordingly, management has determined that this control deficiency constitutes a material weakness.

Because of these material weaknesses, management has concluded that the Company did not maintain effective internal control over financial reporting as of August 31, 2019, based on the criteria established in "INTERNAL CONTROL-INTEGRATED FRAMEWORK" issued by the COSO.

Change in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during our last fiscal year that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Attestation Report of the Registered Public Accounting Firm

This offering circular does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the SEC that permit us to provide only management's report in this annual report.

NOTE 2 GOING CONCERN

The Company's ability to continue operating as a "going concern" is dependent on its ability to increase revenues and raise sufficient additional working capital. These matters raise substantial doubt about the Company's ability to continue as a going concern. The financial statements have been prepared on a going concern basis, which contemplates realization of assets and liquidation of liabilities in the ordinary course of business. The Company plans to raise additional capital as needed. There can be no assurance that this capital will be available and if is not, the Company may be forced to substantially curtail or cease operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation:

The consolidated financial statements include the accounts of QOEG and its subsidiaries and have been prepared in accordance with generally accepted accounting principles ("GAAP"). All material inter-company accounts and transactions have been eliminated in consolidation.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Financial Statements in U.S. dollars:

The reporting currency of the Company is the U.S. dollar ("dollar"). The dollar is the functional currency of the Company and the Company's U.S. subsidiary. The financial statements of the non-US subsidiaries are translated to U.S. dollars using the methods mandated by ASC 830.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES (cont'd)*Cash and Cash Equivalents:*

The Company considers all highly liquid investments originally purchased with maturities of three months or less to be cash equivalents. These financial statements have not been subjected to an audit or review or compilation engagement, and no assurance is provided on them.

Revenue Recognition:

The Company recognizes revenues when persuasive evidence of an arrangement exists, delivery has occurred or services rendered, the sales price of fee is fixed or determinable, and its collectability is reasonably assured.

Stock based compensation:

The Company records stock-based compensation in accordance with the ASC 718 "Shares-Based Compensation" FASB Accounting Standards Classification using the fair value method. All transactions in which goods or services are the consideration received for the issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable. Equity instruments issued to employees and the cost of the services received as consideration are measured and recognized based on the fair value of the equity instruments issued.

Foreign Currency:

The Company translates the financial statements of our foreign subsidiaries from the local (functional) currencies to U.S. dollars. The rates of exchange at each fiscal year end are used for translating the assets and liabilities and the average monthly rates of exchange for each year are used for the consolidated statements of operations and comprehensive loss. Gains or losses resulting from the translation of the foreign subsidiaries' financial statements are included in the accompany consolidated balance sheets as a separate component of stockholder's equity.

Report of Independent Registered Public Accounting Firm

To the shareholders and the board of directors of ADGS Advisory, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of ADGS Advisory, Inc. as of August 31, 2020 and 2019, the related statements of operations, stockholders' equity (deficit), and cash flows for the years then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of August 31, 2020 and 2019, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

Substantial Doubt about the Company's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has suffered recurring losses from operations and has a significant accumulated deficit. In addition, the Company continues to experience negative cash flows from operations. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

NOTE 2 GOING CONCERN

The Company's ability to continue operating as a "going concern" is dependent on its ability to increase revenues and raise sufficient additional working capital. These matters raise substantial doubt about the Company's ability to continue as a going concern. The financial statements have been prepared on a going concern basis, which contemplates realization of assets and liquidation of liabilities in the ordinary course of business. The Company plans to raise additional capital as needed. There can be no assurance that this capital will be available and if is not, the Company may be forced to substantially curtail or cease operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation:

The consolidated financial statements include the accounts of ADGS and its subsidiaries and have been prepared in accordance with generally accepted accounting principles ("GAAP"). All material inter- company accounts and transactions have been eliminated in consolidation.

The reporting currency of the Company is the U.S. dollar ("dollar"). The dollar is the functional currency of the Company and the Company's U.S. subsidiary. The financial statements of the non-US subsidiaries are translated to U.S. dollars using the methods mandated by ASC 830.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES (cont'd)*Cash and Cash Equivalents:*

Revenue Recognition:

The Company recognizes revenues when persuasive evidence of an arrangement exists, delivery has occurred or services rendered, the sales price of fee is fixed or determinable, and its collectability is reasonably assured.

Stock based compensation :

The Company records stock-based compensation in accordance with the ASC 718 “Shares-Based Compensation” FASB Accounting Standards Classification using the fair value method. Foreign Currency:

The Company translates the financial statements of our foreign subsidiaries from the local (functional) currencies to U.S. dollars. The rates of exchange at each fiscal year end are used for translating the assets and liabilities and the average monthly rates of exchange for each year are used for the consolidated statements of operations and comprehensive loss. Report of Independent Registered Public Accounting Firm

To the shareholders and the board of directors of ADGS Advisory, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of ADGS Advisory, Inc. as of August 31, 2020 and 2019, the related statements of operations, stockholders' equity (deficit), and cash flows for the years then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of August 31, 2020 and 2019, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

Substantial Doubt about the Company's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has suffered recurring losses from operations and has a significant accumulated deficit. In addition, the Company continues to experience negative cash flows from operations. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

ARTICLE XI

INDEMNIFICATION

The Corporation may:

(A) Indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the Corporation), by reason of the fact that he is or was a director, officer, employee, fiduciary or agent of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee, fiduciary or agent of another Corporation, partnership, joint venture, trust, or other enterprise, against expenses (including attorney fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding, if he acted in good faith and in a manner he reasonably believed to be in the best interests of the Corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, or conviction or equivalent shall not of itself create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in the best interests of the Corporation and, with respect to any criminal action or proceeding, had reasonable cause to believe his conduct was unlawful.

(B) Indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee, or agent of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee, fiduciary or agent of another Corporation, partnership, joint venture, trust or other enterprise against expenses (including attorney fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in the best interests of the Corporation; but no indemnification shall be made in respect of any claim, issue, or matter as to which such person has been adjudged to be liable for negligence or misconduct in the performance of his duty to the Corporation unless and only to the extent that the court in which such action or suit was brought determines upon application that, despite the adjudication of liability, but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnification for such expenses which such court deems proper.

(C) Indemnify a director, officer, employee, fiduciary or agent of a corporation to the extent he has been successful on the merits in defense of any action, suit, or proceeding referred to in (A) or (B) of this Article XII or in defense of any claim, issue, or

matter therein, against expenses (including attorney fees) actually and reasonably incurred by him in connection therewith.

Any indemnification under (A) or (B) of this Article XI (unless ordered by a court) and as distinguished from (C) of this Article shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee, fiduciary or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in (A) or (B) above. Such determination shall be made by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit, or proceeding, or, if such a quorum is not obtainable or, even if obtainable, if a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or by the shareholders.

Expenses (including attorney fees) incurred in defending a civil or criminal action, suit, or proceeding may be paid by the Corporation in advance of the final disposition of such action, suit, or proceeding upon receipt of an undertaking by or on behalf of the director, officer, employee, fiduciary or agent to repay such amount unless it is ultimately determined that he is entitled to be indemnified by the Corporation as authorized in this Article XI.

The indemnification provided by this Article XI shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any by-law, agreement, vote of shareholders or disinterested directors, or otherwise, and any procedure provided for by any of the foregoing, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, fiduciary or agent and shall inure to the benefit of heirs, executors, and administrators of such a person.

The Corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, fiduciary or agent of the Corporation or who is or was serving at the request of the Corporation as a director, officer, employee, fiduciary or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the Corporation would have the power to indemnify him against such liability under provisions of this Article XI.

ARTICLE XII

TRANSACTIONS WITH INTERESTED PARTIES

No contract or other transaction between the Corporation and one (1) or more of its directors or any other Corporation, firm, association, or entity in which one (1) or more of its directors are directors or officers or are financially interested shall be either void or voided solely because of such relationship or interest, or solely because such directors are present at the meeting of the board of directors or a committee thereof which

authorizes, approves, or ratifies such contract or transaction, or solely because their votes are counted for such purpose if:

(A) The fact of such relationship or interest is disclosed or known to the Board of Directors or committee that authorizes, approves, or ratifies the contract or transaction by a vote or consent sufficient for the purpose without counting the votes or consents of such interested directors;

(B) The fact of such relationship or interest is disclosed or known to the shareholders entitled to vote and they authorize, approve, or ratify such contract or transaction by vote or written consent; or

(C) The contract or transaction is fair and reasonable to the Corporation.

Common or interested directors may be counted in determining the presence of a quorum, as herein previously defined, at a meeting of the Board of Directors or a committee thereof that authorizes, approves, or ratifies such contract or transaction.

ARTICLE XIII

VOTING OF SHAREHOLDERS

Except as may be otherwise required by law, if a quorum is present, the affirmative vote of a majority of the outstanding shares represented at the meeting and entitled to vote thereon, or of any class or series, shall be the act of the shareholders on all matters except the election of directors. Directors shall be elected by plurality vote.

Section 4. Place of Meetings. Meetings of the stockholders may be held at such place, within or without the State of Delaware, as the Board of Directors or the officer calling the same shall specify in the notice of such meeting, or in a duly executed waiver of notice hereof.

Section 12. Notice of Action by Consent. The Corporation shall give prompt notice of the taking of corporate action without a meeting by less than unanimous written consent to stockholders who have not consented in writing and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of stockholders to take the Action were delivered to the Corporation in the manner provided in Section 228(c) of the Delaware General Corporation Law.

ARTICLE II BOARD OF DIRECTORS

Section 1. General Powers. The business and affairs of the Corporation shall be managed by the Board of Directors. The Board of Directors may exercise all such authority and powers of the Corporation and do all such lawful acts and things as are not by statute or the Certificate of Incorporation directed or required to be exercised or done by the stockholders.

Section 2. Number, Qualifications, Election, and Term of Office. The number of directors of the Corporation shall be as determined by vote of a majority of the entire Board of Directors. All of the directors shall be of full age. Directors need not be stockholders. Except as otherwise provided by statute or these By-Laws, the directors shall be elected at the annual meeting of the stockholders for the election of directors at which a quorum is present, and the persons receiving a plurality of the votes cast at such election shall be elected. Each director shall hold office until the next annual meeting of the stockholders and until his successor shall have been duly elected and qualified or until his death, or until he shall have resigned, or have been removed, as hereinafter provided in these By-Laws, or as otherwise provided by statute or the Certificate of Incorporation.

Section 3. Place of Meeting. Meetings of the Board of Directors may be held at such place, within or without the State of Delaware, as the Board of Directors may from time to time determine or shall be specified in the notice or waiver of notice of such meeting.

Section 4. First Meeting. The Board of Directors shall meet for the purpose of organization, the election of the officers of the Corporation, and the transaction of other business, as soon as practicable after each annual meeting of the stockholders. Notice of such meeting need not be given. Such meeting may be held at any other time or place (within or without the State of Delaware) which shall be specified in a notice thereof given as hereinafter Provided in Section 7 of this Article II.

Section 5. Regular Meetings. Regular meetings of the Board of Directors shall be held at such time and at such place as the Board of Directors may from time to time determine. If any day fixed for a regular meeting shall be a legal holiday at the place where the meeting is to be held, then the meeting which would otherwise be held on that day shall be held at the same hour on the next succeeding business day. Notice of regular meetings of the Board of Directors need not be given except as otherwise required by statute or these By-Laws.

Section 6. Special Meetings. Special meetings of the Board of Directors may be called by one or more directors of the Corporation or by the President.

Section 7. Notice of Meetings. Notice of each special meeting of the Board of Directors (and of each regular meeting for which notice shall be required) shall be given by the Secretary as hereinafter provided in this Section 7, in which notice shall be stated the time and place of the meeting. Notice of each such meeting shall be delivered to each director either personally or by telephone, telegraph cable or wireless, at least twenty-four hours before the time at which such meeting is to be held or by first-class airmail, postage prepaid, addressed to him at his residence, or usual place of business, at least three days before the day on which such meeting is to be held. Notice of any such meeting need not be given to any director who shall, either before or after the meeting, submit a signed waiver of notice or who shall attend such meeting without protesting, prior to or at its commencement, the lack of notice to him. Except as otherwise specifically required by these By-Laws, a notice or waiver of notice of any regular or special meeting need not state the purpose of such meeting.

Section 8. Quorum and Manner of Acting. A majority of the entire Board of Directors shall be present in person at any meeting of the Board of Directors in order to constitute a quorum for the transaction of business at such meeting, and, except as otherwise expressly required by statute or the Certificate of Incorporation, the act of a majority of the directors present at any meeting at which a quorum is present shall be the act of the Board of Directors. In the absence of a quorum at any meeting of the Board of Directors, a majority of the directors present thereat, or if no director be present, the Secretary may adjourn such meeting to another time and place, or such meeting, unless it be the first meeting of the Board of Directors, need not be held. At any adjourned meeting at which a quorum is present, any business may be transacted which might have been transacted at the meeting as originally called. Except as provided in Article III of these By-Laws, the directors shall act only as a Board and the individual directors shall have no power as such.

Section 9. Organization. At each meeting of the Board of Directors, the President, or, in his absence or inability to act, another director chosen by a majority of the directors present shall act as chairman of the meeting and preside thereat. The Secretary (or, in his absence or inability to act any person appointed by the chairman) shall act as secretary of the meeting and keep the minutes thereof.

Section 10. Resignations. Any director of the Corporation may resign at any time by giving written notice of his resignation to the Board of Directors or the President or the Secretary. Any such resignation shall take effect at the time specified therein or, if the time when it shall become effective shall not be specified therein, immediately upon its receipt; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 11. Vacancies. Vacancies may be filled by a majority of the directors then in office, though less than a quorum, or by a sole remaining director, and the directors so chosen shall hold office until the next annual election and until their successors are duly elected and shall qualify, unless sooner displaced. If there are no directors in office, then an election of directors may be held in the manner provided by statute. If, at the time of filling any vacancy or any newly created directorship, the directors then in office shall constitute less than a majority of the whole Board (as constituted immediately prior to any such increase), the Court of Chancery may, upon application of any stockholder or holders of at least ten percent of the votes of the shares at the time outstanding having the right to vote for such directors, summarily order an election to be held to fill any such vacancies or newly created directorships, or to replace the directors chosen by the directors then in office. Except as otherwise provided in these By-Laws, when one or more directors shall resign from the Board of Directors, effective at a future date, a majority of the directors then in office, including those who have so resigned, shall have the power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations shall become effective, and each director so chosen shall hold office as provided in this section in the filling of other vacancies.

Section 12. Removal of Directors. Except as otherwise provided in the Certificate of Incorporation or in these By-Laws, any director may be removed, either with or without cause, at any time, by the affirmative vote of a majority of the votes of the issued and outstanding stock entitled to vote for the election of directors of the Corporation given at a special meeting of the stockholders called and held for the purpose; and the vacancy in the Board of Directors caused by any such removal may be filled by such stockholders at such meeting, or, if the stockholders shall fail to fill such vacancy, as in these By-Laws provided.

Section 13. Compensation. The Board of Directors shall have authority to fix the compensation, including fees and reimbursement of expenses, of directors for services to the Corporation in any capacity, provided no such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor.

Section 14. Action Without Meeting Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting if all members of the Board of Directors or committee, as the case may be, consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the Board of Directors or committee.

The Board of Directors may from time to time elect, or the President may appoint, such other officers (including, but not limited to, one or more Vice Presidents, Assistant Vice Presidents, Assistant Secretaries, and Assistant Treasurers), and such agents, as may be necessary or desirable for the business of the Corporation. Such other officers and agents shall have such duties and shall hold their offices for such terms as may be prescribed by the Board of Directors or by the appointing authority.

Section 2. Resignations. Any officer of the Corporation may resign at any time by giving written notice of his resignation to the Board of Directors, the President or the Secretary. Section 3. Removal. Any officer or agent of the Corporation may be removed, either with or without cause, at any time, by the vote of the majority of the entire Board of Directors at any meeting of the Board of Directors, or, except in the case of an officer or agent elected or appointed by the Board of Directors, by the President. Such removal shall be without prejudice to the contractual rights, if any, of the person so removed.

Section 4. Vacancies. A vacancy in any office, whether arising from death, resignation, removal or any other cause, may be filled for the unexpired portion of the term of the office which shall be vacant, in the manner prescribed in these By-Laws for the regular election or appointment of such office.

Section 5. Officers' Bonds or Other Security. If required by the Board of Directors, any officer of the Corporation shall give a bond or other security for the faithful performance of his duties, in such amount and with such surety or sureties as the Board of Directors may require.

Section 6. Compensation. The compensation of the officers of the Corporation for their services as such officers shall be fixed from time to time by the Board of Directors; provided, however, that the Board of Directors may delegate to the President the power to fix the compensation of officers and agents appointed by the President. An officer of the Corporation shall not be prevented from receiving compensation by reason of the fact that he is also a director of the Corporation.

Section 7. President. The President shall be the Chief Executive Officer of the Corporation and shall have the general and active management of the business of the Corporation and general and active supervision and direction over the other officers, agents and employees and shall see that their duties are properly performed. He shall, if present, preside at each meeting of the stockholders and of the Board of Directors and shall be an ex-officio member of all committees of the Board of Directors. He shall perform all duties incident to the office of President and Chief Executive Officer and such other duties as may from time to time be assigned to him by the Board of Directors.

Section 8. Secretary. The Secretary shall:

(a) Keep or cause to be kept in one or more books provided for that purpose, the minutes of the meetings of the Board of Directors, the committees of the Board of Directors and the stockholders;

(b) See that all notices are duly given in accordance with the provisions of these By-Laws and as required by law;

(c) Be custodian of the records and the seal of the Corporation and affix and attest the seal to all stock certificates of the Corporation (unless the seal of the Corporation on such certificates shall be a facsimile, as hereinafter provided) and affix and attest the seal to all other documents to be executed on behalf of the Corporation under its seal;

(d) See that the books, reports, statements, certificates and other documents and records required by law to be kept and filed are properly kept and filed; and

(e) In general, perform all the duties incident to the office of Secretary and such other duties as from time to time may be assigned to him by the Board of Directors or the President.

Section 9. Treasurer. The Treasurer shall be the chief financial officer of the Corporation and shall exercise general supervision over the receipt, custody, and disbursements of corporate funds. The Treasurer shall sign, make and indorse in the name of the corporation, all checks, drafts, warrants and orders for the payment of money, and pay out and dispose of same and receipts for such, and, in general, perform all the duties incident to the office of Treasurer. He shall have such further powers and duties as may be conferred upon him from time to time by the President or the Board of Directors.

ARTICLE V INDEMNIFICATION

To the fullest extent permitted by law, the Corporation shall indemnify any director or officer of the Corporation who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suitor proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director, officer, agent or employee of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees), liability, loss, judgment, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceedings, had no reasonable cause to believe his conduct was unlawful. The termination of any action, upon a plea of nolo contendere or equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect of any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

Such indemnity shall inure to the benefit of the heirs, executors and administrators of any director or officer so indemnified pursuant to this Article. The right to indemnification under this Article shall be a contract right and shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its disposition; provided however, that, if the Delaware General Corporation Law requires, the payment of such expenses incurred in advance of the final disposition of a proceeding shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of such director or officer to repay all amounts so advanced if it shall ultimately be determined that such director or officer is not entitled to be indemnified under this Article or otherwise. Such indemnification and advancement of expenses shall be in addition to any other rights to which those directors and officers seeking indemnification and advancement of expenses may be entitled under any law, agreement, vote of stockholders, or otherwise.

Any repeal or amendment of this Article by the stockholders of the Corporation or by changes in applicable law shall, to the extent permitted by applicable law, be prospective only, and shall not adversely affect any right to indemnification or advancement of expenses of a director or officer of the Corporation existing at the time of such repeal or amendment. In addition to the foregoing, the right to indemnification and advancement of expenses shall be to the fullest extent permitted by the General Corporation Law of the State of Delaware or any other applicable law and all amendments to such laws as hereafter enacted from time to time.

ARTICLE VI STOCK

Section 1. Certificates. Every holder of stock shall be entitled to have a certificate signed by or in the name of the Corporation by the Chairman of the Board of Directors, if any, or the President, and by the Secretary or an Assistant Secretary, of the Corporation, certifying the number of shares owned by him in the Corporation. Any of or all the signatures on the certificate may be a facsimile. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer, transfer agent, or registrar at the date of issue.

Section 2. Lost, Stolen or Destroyed Stock Certificates; Issuance of New Certificates. The Corporation may issue a new certificate of stock in the place of any certificate theretofore issued by it, alleged to have been lost, stolen or destroyed, and the Corporation may require the owner of the lost, stolen or destroyed certificate, or his legal representative, to give the Corporation a bond sufficient to indemnify it against any claim that may be made against it on account of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate.

Section 3. Waiver of Notice of Meetings of Stockholders, Directors and Committees. Any written waiver of notice, signed by the person entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of any regular or special meeting of the stockholders, directors, or members of a committee of directors need be specified in any written waiver of notice.

Section 4. Interested Directors; Quorum. No contract or transaction between the Corporation and one or more of its directors or officers, or between the Corporation and any other Corporation, partnership, association, or other organization in which one or more of its directors or officers are directors or officers, or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee thereof which authorizes the contract or transaction, or solely because his or their votes are counted for such purpose, if: (1) the material facts as to his relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; or (2) the material facts as to his relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (3) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved or ratified, by the Board of Directors, a committee thereof, or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

Section 5. Form of Records. Any records maintained by the Corporation in the regular course of its business, including its stock ledger, books of account, and minute books, may be kept on, or be in the form of, punch cards, magnetic tape, photographs, microphotographs, or any other information storage device, provided that the records so kept can be converted into clearly legible form within a reasonable time. The Corporation shall so convert any records so kept upon the request of any person entitled to inspect the same.

Section 6. Amendments. These By-Laws may be amended or repealed, or new By-Laws may be adopted, (1) at any annual or special meeting of the stockholders, by a majority of the total votes of the stockholders, present or in person or represented by proxy and entitled to vote on such action; provided, however, that the notice of such meeting shall have been given as provided in these By-Laws, which notice shall mention that amendment or repeal of these By-Laws, or the adoption of new By-Laws, is one of the purposes of such meeting; (2) by written consent of the stockholders pursuant to Section 10 of Article I; or (3) by action of the Board of Directors.

I, the undersigned, Secretary of the Corporation, do hereby certify that the foregoing is a true, complete, and accurate copy of the Amended and Restated By-laws of Life Nutrition Products, Inc., duly adopted by unanimous written consent of the Board of Directors on the day of July 14, 2021, and I do further certify that these By-laws have not since been altered, amended, repealed, or rescinded, and are now in full force and effect.

FOR ADGS ADVISORY, INC.**

It is hereby certified that:

1. The name of the Corporation is ADGS Advisory, Inc., [hereinafter called the "Corporation"].
2. The Certificate of Incorporation, as amended, of the Corporation authorizes the issuance of 1,000,000 (One Million) shares of Convertible Preferred Series A Stock, \$.0001 par value, and expressly vests in the Board of Directors of the Corporation the authority provided therein to issue any or all of said shares in one or more series and by resolution or resolutions, the designation, number, full or limited voting powers, or the denial of voting powers, preferences and relative, participating, optional, and other special rights and the qualifications, limitations, restrictions, and other distinguishing characteristics of each series to be issued.
3. The Board of Directors of the Corporation, pursuant to the authority expressly vested in it as aforesaid, has adopted the following resolutions creating a Convertible Preferred Series A Preferred Stock issue of Preferred Stock:

"RESOLVED, that the Board of Directors hereby fixes and determines the designation of the number of shares and the rights, preferences, privileges and restrictions relating to the Convertible Preferred Series A Stock, as follows:

- (a) Designation. The series of Convertible Preferred Series A Stock as amended, shall be designated the Convertible Preferred Series A Stock [the "Series A Stock"].
- (b) Authorized Shares. The number of authorized shares of Series A Stock shall be 1,000,000 (One Million) shares.
- (c) Liquidation Rights. In the event of any liquidation, dissolution or winding up of the Corporation, either voluntary or involuntary, after setting apart or paying in full the preferential amounts due to Holders of senior capital stock, if any, the Holders of Series A Stock and parity capital stock, if any, shall be entitled to receive, prior and in preference to any distribution of any of the assets or surplus funds of the Corporation to the Holders of junior capital stock, including Common Stock, an amount equal to \$.0001 per share [the "Liquidation Preference"]. If upon such liquidation, dissolution or winding up of the Corporation, the assets of the Corporation available for distribution to the Holders of the Series A Stock and parity capital stock, if any, shall be insufficient to permit in full the payment of the Liquidation Preference, then all such assets of the Corporation shall be distributed ratably among the Holders of the Series A Stock and parity capital stock, if any. Neither the consolidation or merger of the Corporation nor the sale, lease or transfer by the Corporation of all or a part of its assets shall be deemed a liquidation, dissolution or winding up of the Corporation for purposes of this Section (c).

(d) Dividends. The Series A Stock is not entitled to receive any dividends in any amount during which such shares are outstanding.

(e) Conversion Rights. Each share of Series A Stock shall be convertible, at the option of the Holder, into 1,000 (One Thousand) fully paid and non-assessable shares of the Corporation's Common Stock. The foregoing conversion calculation shall be hereinafter referred to as the "Conversion Ratio."

(i) Conversion Procedure. Upon written notice to the Holder, the Holder shall effect conversions by surrendering the certificate(s) representing the Preferred Series A Stock to be converted to the Corporation, together with a form of conversion notice satisfactory to the Corporation, which shall be irrevocable. Not later than five [5] business days after the conversion date, the Corporation will deliver to the Holder, (i) a certificate or certificates, which shall be subject to restrictive legends, representing the number of shares of Common Stock being acquired upon the conversion; provided, however, that the Corporation shall not be obligated to issue such certificates until the Series A Stock is delivered to the Corporation. If the Corporation does not deliver such certificate(s) by the date required under this paragraph (e) (i), the Holder shall be entitled by written notice to the Corporation at any time on or before receipt of such certificate(s), to receive 100 Series A Stock shares for every week the Corporation fails to deliver Common Stock to the Holder.

Any adjustment made pursuant to this paragraph (e)(iii) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or reclassification. Whenever the Conversion Ratio is adjusted pursuant to this paragraph, the Corporation shall promptly mail to the Holder a notice setting forth the Conversion Ratio after such adjustment and setting forth a brief statement of the facts requiring such adjustment.

(iii) Adjustments on Reclassifications, Consolidations and Mergers. In case of reclassification of the Common Stock, any consolidation or merger of the Corporation with or into another person, the sale or transfer of all or substantially all of the assets of the Corporation or any compulsory share exchange pursuant to which the Common Stock is converted into other securities, cash or property, then each Holder of Series A Stock then

outstanding shall have the right thereafter to convert such Series A Stock only into the shares of stock and other securities and property receivable upon or deemed to be held by Holders of Common Stock following such reclassification, consolidation, merger, sale, transfer or share exchange, and the Holder shall be entitled upon such event to receive such amount of securities or property as the shares of the Common Stock into which such Series A Stock could have been converted immediately prior to such reclassification, consolidation, merger, sale, transfer or share exchange would have been entitled. The terms of any such consolidation, merger, sale, transfer or share exchange shall include such terms so as to continue to give to the Holder the right to receive the securities or property set forth in this paragraph (e)(iv) upon any conversion following such consolidation, merger, sale, transfer or share exchange. This provision shall similarly apply to successive reclassifications, consolidations, mergers, sales, transfers or share exchanges.

(iv) Fractional Shares; Issuance Expenses. Upon a conversion of Series A Stock, the Corporation shall not be required to issue stock certificates representing fractions of shares of Common Stock, but shall issue that number of shares of Common Stock rounded to the nearest whole number. The issuance of certificates for shares of Common Stock on conversion of Series A Stock shall be made without charge to the Holder for any documentary stamp or similar taxes that may be payable in respect of the issue or delivery of such certificate, provided that the Corporation shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such certificate upon conversion in a name other than that of the Holder, and the Corporation shall not be required to issue or deliver such certificates unless or until the person or persons requesting the issuance thereof shall have paid to the Corporation the amount of such tax or shall have established to the satisfaction of the Corporation that such tax has been paid.

(f) Voting Rights. Except as otherwise expressly provided herein or as required by law, the Holders of shares of Series A Stock shall be entitled to vote on any and all matters considered and voted upon by the Corporation's Common Stock. The Holders of the Series A Stock shall be entitled to 1,000 (One Thousand) votes per share of Series A Stock.

(g) Reservation of Shares of Common Stock. The Corporation covenants that it will at all times reserve and keep available out of its authorized and unissued Common Stock solely for the purpose of issuance upon conversion of Series A Stock as herein provided, free from preemptive rights or any other actual contingent purchase rights of persons other than the Holders of Series A Stock, such number of shares of Common Stock as shall be issuable upon the conversion of the outstanding Series A Stock. If at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all outstanding Series A Stock, the Corporation will take such corporate action necessary to increase its authorized shares of Common Stock to such number as shall be sufficient for such purpose. The Corporation covenants that all shares of Common Stock that shall be so issuable shall, upon issue, be duly and validly authorized, issued and fully paid and non assessable.

Except as disclosed in writing in a form acceptable to ADGS, none of QOEG nor its subsidiaries has received written notice or is aware that its use of QOEG IP infringes upon or breaches the industrial or intellectual property rights of any other Person in any material respect. Except as disclosed in writing in a form acceptable to ADGS, QOEG has not commenced legal proceedings relating to an infringement by any Person of the QOEG IP. QOEG, to its knowledge, has or has rights to use all of the intellectual property necessary to conduct the business of QOEG as currently carried on except where the failure to do so would not, individually or in the aggregate, have a Material Adverse Effect on QOEG.

(p) Non-Arm's Length Transactions. There are no material contracts, commitments, agreements, arrangements or other transactions between QOEG or any of its subsidiaries, on the one hand, and any (i) officer or director of QOEG or any of its subsidiaries, (ii) record or beneficial owner of five percent or more of the voting securities of QOEG or (iii) affiliate of any such officer, director or beneficial owner, on the other hand, except for contracts, commitments, agreements, arrangements or other transactions that are either on arm's length terms or, to the extent not on arm's length terms, would not, individually or in the aggregate, have a Material Adverse Effect on QOEG.

(q) Insurance. QOEG has provided or made available to ADGS true, correct and complete copies of all material policies of insurance to which each of QOEG and its subsidiaries are a party or are a beneficiary or named insured. QOEG and its subsidiaries maintain insurance coverage with reputable insurers in such amounts and covering such risks as are in accordance with normal industry practice for companies engaged in businesses similar to that of QOEG and its subsidiaries (taking into account the cost and availability of such insurance).

3.2 Representations and Warranties of ADGS

ADGS represents and warrants to and in favour of QOEG as follows and acknowledges that QOEG is relying upon such representations and warranties in connection with the matters contemplated by this Agreement:

(a) Organization. ADGS has been duly incorporated or formed under applicable Laws, is validly subsisting and has full corporate or legal power and authority to own its properties and conduct its businesses as currently owned and conducted. All of the outstanding shares and other ownership interests of the ADGS Material Subsidiaries which are held directly or indirectly by ADGS are owned directly or indirectly by ADGS, free and clear of all material liens, claims or encumbrances, except as has been set forth in writing by ADGS to QOEG in a form acceptable to QOEG or pursuant to restrictions on transfers contained in articles or similar documents.

(b) Capitalization. As of the close of business on August 31, 2020, the authorized issued capital of ADGS consists of (i) 200,000,000 ADGS shares of common stock, US\$0.0001 par value; and (ii) 2,000,000 ADGS shares of Preferred A Stock, US\$0.0001 par value. As of the close of business on August 31, 2020, there were outstanding (i) 39,204,789 ADGS shares of common stock, and (ii) 1,000,000 ADGS shares of Preferred A Stock. No options or awards have been or will be made under the ADGS Key Employee Executive Plan. Except as described in the preceding sentences of this Section 3.2(b) and in Section 3.2(a), there are no options, warrants, securities, conversion privileges or other rights, agreements, arrangements or commitments (pre-emptive, contingent or otherwise) obligating ADGS or any ADGS Material Subsidiary to issue or sell any shares of ADGS or any of the ADGS Material Subsidiaries or securities or obligations of any kind convertible into or exchangeable for any shares of ADGS or any ADGS Material Subsidiary. All outstanding ADGS Common Shares and Preferred Shares have been duly authorized and are validly issued and outstanding as fully paid and non assessable shares, free of pre-emptive rights. There are no outstanding bonds, debentures or other evidences of indebtedness of ADGS or any subsidiary having the right to vote (or that are convertible for or exercisable into securities having the right to vote) with the holders of the ADGS Common Shares on any matter. Except as has been set forth in writing by ADGS to QOEG in a form acceptable to QOEG, there are no outstanding contractual obligations of ADGS or any of the ADGS Material Subsidiaries to repurchase, redeem or otherwise acquire any of its outstanding securities or with respect to the voting or disposition of any outstanding securities of any of the ADGS Material Subsidiaries.

(c) Authority and No Violation.

(i) ADGS has the requisite corporate power and authority to enter into this Agreement and the Support Agreement and to perform its obligations hereunder and thereunder. The execution and delivery of this Agreement and the consummation by ADGS of the transactions contemplated by this Agreement has been duly authorized by its Board of Directors and no other corporate proceedings on its part are necessary to authorize this Agreement and the Support Agreement or the transactions contemplated hereby or thereby, other than:

(A) with respect to the ADGS Meeting and other matters relating solely thereto; and

(B) with respect to the ADGS Resolution, the approval thereof by not less than two-thirds of the votes cast by the applicable shareholders;

(ii) This Agreement has been duly executed and delivered by ADGS and constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, subject to bankruptcy, insolvency and other applicable Laws affecting creditors' rights generally, and to general principles of equity. The Support Agreement will be duly executed and delivered by each of ADGS and its subsidiaries who will be party thereto and, when so executed and delivered, will constitute their respective legal, valid and binding obligations, enforceable against them in accordance with their respective terms, subject to bankruptcy, insolvency and other applicable Laws affecting creditors' rights generally, and to general principles of equity;

(iii) The Board of Directors of ADGS has (A) determined as of the date hereof unanimously that the Agreement is fair to the holders of the ADGS Common Shares and is in the best interests of ADGS, (B) Authorized and approved this Agreement, the transactions contemplated hereby and thereby; and (C) resolved to recommend approval and adoption of this Agreement by its shareholders at the ADGS Meeting;

(iv) The approval of this Agreement and the Support Agreement, the execution and delivery by ADGS and each of its subsidiaries who will be party thereto of this Agreement, the Support Agreement and the performance by each of them of their respective obligations hereunder and thereunder and the completion the transactions contemplated thereby, will not, subject to obtaining the Regulatory Approvals:

(A) result (with or without notice or the passage of time) in a violation or breach of, require any consent to be obtained under or give rise to any termination, purchase or sale rights or payment obligation under any provision of:

(I) its or any ADGS Material Subsidiary's certificate of incorporation, articles, by laws or other charter documents;

(II) any Laws, judgement or decree (subject to obtaining the Regulatory Approvals relating to ADGS), except to the extent that the violation or breach of, or failure to obtain any consent under, any Laws, judgement or decree would not, individually or in the aggregate, have a Material Adverse Effect on ADGS; or

(III) any contract, agreement, license, franchise or permit to which ADGS or any ADGS Material Subsidiary is party or by which it is bound or subject or is the beneficiary;

(B) give rise to any right of termination or acceleration of indebtedness, or cause any third party indebtedness to come due before its stated maturity, or cause any available credit to cease to be available, other than as would not, individually or in the aggregate, have a Material Adverse Effect on ADGS;

(C) except as would not, individually or in the aggregate, have a Material Adverse Effect on ADGS, result in the imposition of any encumbrance, charge or lien upon any of its assets or the assets of any ADGS Material Subsidiary; or

(D) except as would not, individually or in the aggregate, have a Material Adverse Effect on ADGS, restrict, hinder, impair or limit the ability of ADGS or any ADGS Material Subsidiary to carry on business of ADGS or any ADGS Material Subsidiary as and where it is now being carried on;

No consent, approval, order or authorization of, or declaration or filing with, any Governmental Entity is required to be obtained by ADGS in connection with the execution and delivery of this Agreement and the Support Agreement or the consummation by ADGS of the transactions contemplated hereby or thereby other than (A) the Regulatory Approvals relating to ADGS (if applicable), (B) any filings required in connection with the creation (if applicable) and issue of the ADGS Common Shares, (C) any approval required in connection with the amendment to the articles of Exchangeco or QOEG to create the Exchangeable Shares and (D) any other consents, approvals, orders, authorizations, declarations or filings of or with a Governmental Entity which have been set forth in writing by ADGS to QOEG in a form acceptable to QOEG or which, if not obtained, would not, individually or in the aggregate, have a Material Adverse Effect on ADGS.

(d) No Defaults. Subject to obtaining the Regulatory Approvals relating to ADOS, neither ADGS nor any of its subsidiaries is in default under, and there exists no event, condition or occurrence which, after notice or lapse of time or both, would constitute such a default under, any contract, agreement, license or franchise to which it is a party which would, individually or in the aggregate, have a Material Adverse Effect on ADGS.

(e) Absence of Certain Changes or Events. Since June 30, 2020 through to the date hereof, ADGS and each ADGS Material Subsidiary has conducted its business only in the ordinary and regular course of business consistent with past practice (except in connection with the transactions contemplated in this Agreement) and there has not occurred a Material Adverse Change with respect to ADGS (which has not been cured).

(t) Financial Statements; Contingent Liabilities. The unaudited consolidated financial statements for ADGS as at and for each of the 12-month periods ended December 31, 2017, 2018, and 2019 and the unaudited consolidated financial statements for the 3-month and 6-month periods ended Mar. 31 and June 30, 2020 have been prepared in accordance with United States generally accepted accounting principles (“U.S. GAAP”), the requirements of applicable Governmental Entities and applicable securities Laws; such financial statements present fairly, in all material respects, the consolidated financial position and results of operations and cash flows of ADGS and its subsidiaries as of the respective dates thereof and for the respective periods covered thereby. Except as Publicly Disclosed by ADGS (including on the most recent consolidated balance sheet and the footnotes thereto included in the ADGS Documents Publicly Disclosed by ADGS), ADGS and its subsidiaries have not incurred any liabilities that are of a nature that would be required to be disclosed on a balance sheet of ADGS and its subsidiaries or the footnotes thereto prepared in conformity with U.S. GAAP, other than (i) liabilities incurred in the ordinary course of business, (ii) liabilities for Taxes and (iii) liabilities that would not, individually or in the aggregate, have a Material Adverse Effect on ADGS.

(g) ADGS Shares. The ADGS Shares to be issued in connection with the Agreement and the ADGS Common Shares to be provided upon the exchange from time to time of the Exchangeable Shares will, in all cases, be duly and validly issued by ADGS on their respective dates of issue as fully paid and non-assessable securities.

(h) Litigation, Etc. There is no claim, action, proceeding or investigation pending or, to the knowledge of ADGS, threatened against ADGS or any ADGS Material Subsidiary before any court or Governmental Entity that would reasonably be expected to have a Material Adverse Effect on ADGS or to prevent or materially delay consummation of the transactions contemplated by this Agreement. Neither ADGS nor any ADGS Material Subsidiary, nor any of their respective assets and properties, is subject to any outstanding judgement, order, writ, injunction or decree that has had or is reasonably likely to have a Material Adverse Effect on ADGS or that would prevent or materially delay consummation of the transactions contemplated by this Agreement.

(i) Compliance with Laws. ADGS and the ADGS Material Subsidiaries have complied with and are not in violation of any applicable Laws, orders, judgements and decrees other than non compliance or violations which would not, individually or in the aggregate, have a Material Adverse Effect on ADGS. Without limiting the generality of the foregoing, all securities of ADGS (including, without limitation, all options, rights or other convertible or exchangeable securities) have been issued in compliance with all applicable securities Laws and all securities to be issued upon exercise of any such options, rights and other convertible or exchangeable securities will be issued in compliance with all applicable securities Laws.

(j) Tax Matters. Neither ADGS nor any of its subsidiaries has taken any action or failed to take any action, or has knowledge of any fact, agreement, plan or other circumstance that is reasonably likely to prevent the ADGS Transactions.

(k) Exchangeable Shares. The Exchangeable Shares to be issued in connection with the Agreement will be duly and validly issued by Exchangeco on the Effective Date.

(l) ADGS Common Shares. The ADGS Common Shares to be issued pursuant to the Agreement or upon the exchange from time to time of the Exchangeable Shares will, in all cases, be duly and validly issued by ADGS, fully paid and non-assessable and free of pre-emptive rights encumbrances, charges and liens on their respective dates of issue.

3.3 Survival

For greater certainty, the representations and warranties of QOEG and ADGS contained herein shall survive the execution and delivery of this Agreement and shall terminate on the earlier of the termination of this Agreement in accordance with its terms and the Effective Time. Any investigation by a party hereto and its advisors shall not mitigate, diminish or affect the representations and warranties of another party to this Agreement.

ARTICLE 4 COVENANTS

4.1 Retention of Goodwill.

During the Pre-Effective Date Period, QOEG will, subject to the fact that a transaction involving its businesses is contemplated hereby, continue to carry on the business of QOEG and its subsidiaries in a manner consistent with prior practice, working to preserve the attendant goodwill of such entities and to contribute to retention of that goodwill to and after the Effective Date, but subject to the following provisions of this Article 4. The following provisions of this Article 4 are intended to be in furtherance of this general commitment. During the Pre-Effective Date Period, each of QOEG and ADGS shall exercise, consistent with, and subject to the limitations provided by, the terms and conditions of this Agreement, complete control and supervision over its operations.

4.2 Consultation

Subject to applicable Laws, QOEG and ADGS agree to consult with each other in making any filings with any Regulatory Authority with respect thereto, to enable the other party to review and comment on all such filings that are significant prior to the release thereof, to consider all such comments reasonably and in good faith, and to provide a copy of each such filing to the other party.

(ix) take all necessary actions for ADGS, Exchangeco or Callco, as the case may be, to be in a position to deliver ADGS Common Shares upon the exchange from time to time of the Exchangeable Shares;

(b) until the Effective Date or the earlier termination of this Agreement in accordance with Article 6, except (i) with the consent of QOEG to any deviation therefrom, which shall not be unreasonably withheld or delayed; (ii) with respect to any matters which were disclosed by ADGS to QOEG in writing; or (iii) with respect to any matter contemplated by this Agreement, including the transactions involving the businesses of QOEG and ADGS contemplated hereby, ADGS will, and will cause its subsidiaries to:

(B) of any Material Adverse Change in respect of ADGS; and

(C) of any material breach by ADGS of any covenant or agreement contained in this Agreement.

(f) the ADGS Common Shares to be issued upon the exchange from time to time of the Exchangeable Shares will, in all cases, be duly and validly issued by ADGS on their respective dates of issue as fully paid and non-assessable securities;

4.5 Covenants Regarding Non-Solicitation

(a) QOEG shall not, directly or indirectly, through any officer or director of QOEG or any of its subsidiaries, and shall use its reasonable best efforts to cause its and its subsidiaries' employees, agents and representatives (including any investment banker, lawyer or accountant) not to (i) solicit, initiate, knowingly encourage or otherwise facilitate (including by way of furnishing information or entering into any form of agreement, arrangement or understanding) the initiation of any inquiries or proposals regarding an Acquisition Proposal, (ii) participate in any discussions or negotiations regarding, or provide any confidential information with respect to, any Acquisition Proposal, (iii) approve or recommend any Acquisition Proposal or (iv) accept or enter into any agreement, arrangement or understanding related to any Acquisition Proposal. Notwithstanding the preceding part of this Section 4.5(a) and any other provision of this Agreement, nothing shall prevent the Board of Directors of QOEG from complying with QOEG's disclosure obligations under applicable Laws with regard to an Acquisition Proposal or from considering, participating in any discussions or negotiations, or entering into a confidentiality agreement and providing information pursuant to Section 4.5(c) (but, subject to Section 4.6, not approve, recommend, accept or enter into any agreement, arrangement or understanding), regarding an unsolicited bona fide written Acquisition Proposal (A) in respect of which any required financing has been demonstrated to the satisfaction of the Board of Directors of QOEG, acting in good faith, to be reasonably likely to be obtained, (B) that did not otherwise result from a breach of this Section 4.5, and (C) which the Board of Directors of QOEG has determined in good faith, after consultation with financial advisors and with outside counsel, is a Superior Proposal. QOEG shall, and shall cause the officers, directors, employees, representatives and agents of QOEG and its subsidiaries to, cease immediately all current discussions and negotiations regarding any proposal that constitutes, or may reasonably be expected to lead to, an Acquisition Proposal, and request the return or destruction of all confidential information provided in connection therewith.

(b) QOEG shall forthwith notify ADGS, at first orally and then in writing, of any Acquisition Proposal and any inquiry that could lead to an Acquisition Proposal, or any amendments to the foregoing, or any request for non-public information relating to QOEG or any QOEG Material Subsidiary in connection with an Acquisition Proposal or for access to the properties, books or records of QOEG or any QOEG Material Subsidiary by any Person that informs QOEG or such QOEG Material Subsidiary that it is considering making, or has made, an Acquisition Proposal. Such notice shall include a description of the material terms and conditions of any proposal, the identity of the Person making such proposal, inquiry or contact and provide such other details of the proposal, inquiry, contact, discussions or negotiations as ADGS may reasonably request. QOEG shall keep ADGS informed of the status including any change to the material terms of any such Acquisition Proposal or inquiry.

(c) If QOEG receives a request for material non-public information from a Person who has made an unsolicited bona fide written Acquisition Proposal and QOEG is permitted, subject to and as contemplated under the second sentence of Section 4.5(a), to negotiate the terms of such Acquisition Proposal, then, and only in such case, the Board of Directors of QOEG may, subject to the execution by such Person of a confidentiality agreement containing employee non-solicitation and standstill provisions substantially similar to those contained in the confidentiality agreement then in effect between QOEG and ADGS, provide such Person with access to information regarding QOEG; provided, however, that the Person making the Acquisition Proposal shall not be precluded under such confidentiality agreement from making the Acquisition Proposal (but not, except subject to Section 4.6(d), any material amendment thereto) and provided further that QOEG sends a copy of any such confidentiality agreement to ADGS promptly upon its execution and ADGS is provided with a list of or copies of the information provided to such Person and immediately provided with access to similar information to which such Person was provided.

(d) QOEG shall ensure that its officers, directors and employees and its subsidiaries and their officers, directors and employees and any financial advisors or other advisors or representatives retained by it or its subsidiaries are aware of the provisions of this Section 4.6, and it shall be responsible for any breach of this Section 4.5 by its and its subsidiaries' officers, directors, employees, representatives or agents.

4.6 Notice of Superior Proposal Determination

(a) Notwithstanding Sections 4.5(a), (b) and (c), but subject to ADGS's rights under Sections 6.3(c)(iii) and 6.4, QOEG may accept, approve or recommend or enter into any agreement, understanding or arrangement in respect of an unsolicited Superior Proposal if, and only if: (i) it has provided ADGS with a copy of the Superior Proposal document; and (ii) five Business Days shall have elapsed from the later of the date ADGS received written notice advising ADGS that QOEG's Board of Directors has resolved, subject only to compliance with this Section 4.6, to accept, approve, recommend or enter into an agreement, understanding or arrangement in respect of such Superior Proposal and the date ADGS received a copy of such Superior Proposal. Any information provided by QOEG to ADGS pursuant to this Section 4.6 or pursuant to Section 4.5 shall constitute "Information" under Section 4.7(b).

(b) During such five Business Day period, QOEG agrees that ADGS shall have the right, but not the obligation, to offer to amend the terms of this Agreement. The Board of Directors of QOEG will review any offer by ADGS to amend the terms of this Agreement in good faith in order to determine, in its discretion in the exercise of its fiduciary duties (but without regard to any requirement for approval or further approval by ADGS's Shareholders), whether ADGS's offer upon acceptance by QOEG would result in such Superior Proposal ceasing to be a Superior Proposal. If the Board of Directors of QOEG so determines, it will enter into an amended agreement with ADGS reflecting ADGS's amended proposal. If the Board of Directors of QOEG continues to believe, in good faith, after consultation with its financial advisors and outside counsel, that such Superior Proposal remains a Superior Proposal (without regard to any requirement for approval or further approval by ADGS's Shareholders) and therefore rejects ADGS's amended proposal, QOEG may approve, recommend, accept or enter into an agreement, understanding or arrangement with respect to the Superior Proposal provided that such acceptance or agreement does not obligate QOEG or any other Person to seek to interfere with the completion of the Agreement or impose any "break-up", "hello" or other fees or options or rights to acquire assets or securities, or any other obligations that would survive the Effective Date, on QOEG or any subsidiary unless and until this Agreement is terminated in accordance with its terms. In addition, in such circumstances, QOEG may proceed with such approvals, consents, filings of or required by Governmental Entities and such other Persons as QOEG shall consider appropriate in order to consummate such Superior Proposal, provided that such activity does not interfere with the completion of the Agreement.

(c) Nothing contained in this Section 4.6 shall limit in any way the obligation of QOEG to convene and hold the QOEG Meeting.

(d) QOEG acknowledges and agrees that each successive material amendment to any Acquisition Proposal shall constitute a new Acquisition Proposal for purposes of the requirement under clause (ii) of Section 4.6(a) to initiate an additional five Business Day notice period.

4.7 Access to Information

(a) Subject to Section 4.7(b) and applicable Laws, upon reasonable notice, QOEG shall (and shall cause each of its subsidiaries to) afford ADGS's officers, employees, counsel, accountants and other authorized representatives and advisors ("Representatives") access, during normal business hours from the date hereof and until the earlier of the Effective Date or the termination of this Agreement, to its and its subsidiaries' properties, books, contracts and records as well as to its management personnel, and, during such period, QOEG shall (and shall cause each of its subsidiaries to) furnish promptly to ADGS all information concerning QOEG's and its subsidiaries' businesses, properties and personnel as ADGS may reasonably request. Subject to Section 4.7(b) and applicable Laws, upon reasonable notice, ADGS shall afford QOEG's Representatives the opportunity, upon reasonable notice and during normal business hours from the date hereof and until the earlier of the Effective Date or termination of this Agreement, to speak to appropriate management personnel as QOEG may reasonably request, without materially interfering with their other responsibilities, provided that all such conversations shall impose upon QOEG confidentiality obligations equivalent to those applicable to ADGS under the Confidentiality Agreement, mutatis mutandis.

(b) Each of ADGS and QOEG acknowledges that certain information provided to it under Section 4.7(a) above will be non-public and/or proprietary in nature (the “Information”) and will be kept confidential by both parties.

4.8 Closing Matters

Each of ADOS and QOEO shall deliver, at the closing of the transactions contemplated hereby, such customary certificates, resolutions and other closing documents as may be required by the other party hereto, acting reasonably.

4.9 Indemnification

(a) ADGS agrees that all rights to indemnification or exculpation now existing in favour of the directors or officers of QOEG or any subsidiary as provided in the articles or by-laws thereof shall survive the Agreement and shall continue in full force and effect for a period of not less than six years from the Effective Time and ADGS hereby assumes, effective upon consummation of the Agreement, all such liability with respect to any matters arising prior to the Effective Time.

(b) There shall be maintained in effect, for not less than six years from the Effective Time, to the extent obtainable on reasonable commercial terms, coverage substantially equivalent to that in effect under the current policies of the directors’ and officers’ liability insurance maintained by QOEO or any of its subsidiaries, as the case may be, which is no less advantageous, and with no gaps or lapses in coverages with respect to matters occurring prior to the Effective Time.

ARTICLE 5 CONDITIONS

5.1 Mutual Conditions Precedent

The respective obligations of the parties hereto to complete the transactions contemplated by this Agreement shall be subject to the satisfaction, on or before the Effective Date, of the following conditions precedent, each of which may only be waived by the mutual consent of ADOS and QOEO:

(a) the Arrangement in this Agreement shall have been approved at the QOEO Meeting by not less than two-thirds of the votes cast by the QOEO Shareholders who are represented at the QOEG Meeting;

(b) the ADOS Resolution shall have been approved at the ADOS Meeting by not less than two-thirds of the votes cast by the ADOS Shareholders who are represented at the ADOS Meeting;

(c) there shall not be in force any final and non-appealable injunction, order or decree restraining or enjoining the consummation of the transactions contemplated by this Agreement and there shall be no proceeding of a judicial or administrative nature or otherwise, brought by a Governmental Entity in progress or threatened that relates to or results from the transactions contemplated by this Agreement.

(d) this Agreement shall not have been terminated pursuant to Article 6;

(e) the ADGS Common Shares to be issued in connection with the Arrangement Section in this Agreement and such other ADGS Common Shares to be reserved for issuance in connection with the Arrangement Section in this Agreement (including those underlying ADGS Common Shares to be issued from time to time upon the exchange of Exchangeable Shares) shall have been approved for listing on the OTC Market, such listing to be effective as of the Effective Time, subject to the filing of required documentation, notice of issuance and/or other usual Requirements;

(f) the Regulatory Approvals shall have been obtained or satisfied on terms and conditions satisfactory to ADGS and QOEG (but only insofar as it would directly affect QOEG shareholders), acting reasonably, and in connection therewith ADGS shall have regard to the magnitude of the transaction; and

(g) other than the Regulatory Approvals, all consents, waivers, permits, orders and approvals of any Governmental Entity, and the expiry of any waiting periods, in connection with, or required to permit, the consummation of the Arrangement, the failure of which to obtain or the non-expiry of which would constitute a criminal offense, or would have a Material Adverse Effect on ADGS or QOEG, as the case may be, shall have been obtained or received on terms that will not have a Material Adverse Effect on ADGS and/or QOEG; there shall not be pending or threatened any suit, action or proceeding by any Governmental Entity: (i) seeking to prohibit or restrict the acquisition by ADGS or any of its subsidiaries of any QOEG Common Shares, seeking to restrain or prohibit the consummation of the Agreement or seeking to obtain from QOEG or ADGS any damages directly or indirectly in connection with the Agreement, (ii) seeking to prohibit or materially limit the ownership or operation by ADGS or any of its subsidiaries of any material portion of the business or assets of QOEG or any of its subsidiaries or to compel ADGS or any of its subsidiaries to dispose of or hold separate any material portion of the business or assets of QOEG or any of its subsidiaries, (iii) seeking to impose limitations on the ability of ADGS or any of its subsidiaries to acquire or hold, or exercise full rights of ownership of, any QOEG Common Shares, including the right to vote the QOEG Common Shares purchased by them on all matters properly presented to the shareholders of QOEG, (iv) seeking to prohibit ADGS or any of its subsidiaries from effectively controlling in any material respect the business or operations of QOEG or any of its subsidiaries or (v) which otherwise is reasonably likely to have a Material Adverse Effect on QOEG or ADGS.

5.2 Additional Conditions Precedent to the Obligations of ADGS

The obligations of ADGS to complete the transactions contemplated by this Agreement shall also be subject to the fulfillment of each of the following conditions precedent (each of which is for ADGS's exclusive benefit and may be waived by ADOS):

- (a) all covenants of QOEG under this Agreement to be performed on or before the Effective Date shall have been duly performed by QOEG in all material respects;
- (b) the representations and warranties of QOEG shall have been true and correct on the date hereof;
- (c) the representations and warranties of QOEG shall be true and correct in all material respects (except where already qualified as to materiality or the absence of a Material Adverse Effect) as of the Effective Date as if made on and as of such date (except to the extent such representations and warranties speak solely as of an earlier date, in which event such representations and warranties shall be true and correct to such extent as of such earlier date, or except as affected by transactions contemplated or permitted by this Agreement), and ADGS shall have received a certificate of QOEG addressed to ADGS and dated the Effective Date, signed on behalf of QOEG by two senior executive officers of QOEG (on QOEG's behalf and without personal liability), confirming the same as at the Effective Date;
- (d) the Board of Directors of QOEG shall have adopted all necessary resolutions, and all other necessary corporate action shall have been taken by QOEG and the subsidiaries to permit the consummation of the Agreement;
- (e) between the date hereof and the Effective Date, there shall not have occurred, in the judgment of ADGS, acting reasonably, a Material Adverse Change to QOEG;
- (f) the holders of QOEG Common Shares representing in excess of 5% of the outstanding QOEG Common Shares shall not have exercised dissent or similar rights in connection with the Agreement.
- (g) the Board of Directors of QOEG shall have made and shall not have modified or amended, in any material respect, prior to the QOEG Meeting, an affirmative recommendation that the holders of the QOEG Common Shares approve the Agreement;

ADGS may not rely on the failure to satisfy any of the above conditions precedent if the condition precedent would have been satisfied but for a material default by ADGS in complying with their obligations hereunder.

5.3 Additional Conditions Precedent to the Obligations of QOEG

The obligations of QOEG to complete the transactions contemplated by this Agreement shall also be subject to the following conditions precedent (each of which is for the exclusive benefit of QOEG and may be waived by QOEG):

- (a) all covenants of ADGS under this Agreement to be performed on or before the Effective Date shall have been duly performed by ADGS in all material respects;
- (b) all representations and warranties of ADGS under this Agreement shall have been true and correct on the date hereof;
- (c) the representations and warranties of ADGS shall be true and correct in all material respects (except where already qualified as to materiality or the absence of a Material Adverse Effect) as of the Effective Date as if made on and as of such date (except to the extent such representations and warranties speak solely as of an earlier date, in which event such representations and warranties shall be true and correct to such extent as of such earlier date, or except as affected by transactions contemplated or permitted by this Agreement), and QOEG shall have received a certificate of ADGS addressed to QOEG and dated the Effective Date, signed on behalf of ADGS by two senior executive officers of ADGS (on ADGS's behalf and without personal liability), confirming the same as at the Effective Date;
- (d) the Board of Directors of ADGS shall have adopted all necessary resolutions, and all other necessary corporate action shall have been taken by ADGS to permit the consummation of the Agreement and the provision of ADGS Common Shares upon the exchange from time to time of the Exchangeable Shares;
- (e) between the date hereof and the Effective Date, there shall not have occurred a Material Adverse Change to ADGS;
- (f) the Board of Directors of ADGS shall have made and shall not have modified or amended, in any material respect, prior to the ADGS Meeting, an affirmative recommendation that the holders of the ADGS Common Shares approve the ADGS Proposal;

QOEG may not rely on the failure to satisfy any of the above conditions precedent if the condition precedent would have been satisfied but for a material default by QOEG in complying with its obligations hereunder.

5.4 Notice and Cure Provisions

ADGS and QOEG will give prompt notice to the other of the occurrence, or failure to occur, at any time from the date hereof until the Effective Date, of any event or state of facts which occurrence or failure would, or would be likely to:

- (a) cause any of the representations or warranties of the other party contained herein to be untrue or inaccurate on the date hereof or on the Effective Date; or
- (b) result in the failure in any material respect to comply with or satisfy any covenant, condition or agreement to be complied with or satisfied by the other hereunder prior to the Effective Date.

5.5 Satisfaction of Conditions

The conditions precedent set out in Sections 5.1, 5.2 and 5.3 shall be conclusively deemed to have been satisfied, waived or released when, with the agreement of ADGS and QOEG, a certified statement stating that the arrangement in this agreement has been executed successfully, signed by both of ADGS and QOEG.

ARTICLE 6 AMENDMENT AND TERMINATION

6.1 Amendment

This Agreement may, at any time and from time to time before or after the holding of the QOEG Meeting or the ADGS Meeting but not later than the Effective Date, be amended by mutual written agreement of the parties hereto, and any such amendment may, subject to applicable Laws, without limitation:

- (a) change the time for performance of any of the obligations or acts of the parties;
- (b) waive any inaccuracies or modify any representation or warranty contained herein or in any document delivered pursuant hereto;
- (c) waive compliance with or modify any of the covenants herein contained and waive or modify performance of any of the obligations of the parties; and/or
- (d) waive compliance with or modify any conditions precedent herein contained.

provided, however, that any such change, waiver or modification does not invalidate any required security holder approval of the Agreement.

6.2 Mutual Understanding Regarding Amendments.

- (a) The parties will continue, from and after August 31, 2020 and through and including the Effective Date, to use their respective reasonable efforts to maximize present and future financial and tax planning opportunities for the shareholders of QOEG, and for ADGS and for QOEG as and to the extent that the same shall not prejudice any party or its security holders. The parties will ensure that such planning activities do not impede the progress of the arrangement in this agreement in any material way.

(b) The parties agree that if ADGS or QOEG, as the case may be, propose any amendment or amendments to this Agreement, the other will act reasonably in considering such amendment and if the other and its security holders are not prejudiced by reason of any such amendment the other will co-operate in a reasonable fashion with ADGS or QOEG, as the case may be, so that such amendment can be effected subject to applicable Laws and the rights of the security holders. Without limiting the generality of the foregoing, ADGS shall, acting reasonably, consider in good faith any proposal from QOEG made within 7 Business Days hereof regarding the attributes of the Exchangeable Shares and ancillary rights, but the decision to modify any of such attributes shall be in the sole discretion of ADGS.

6.3 Termination

(a) If any condition contained in Sections 5.1 or 5.2 is not satisfied at or before the Effective Date to the satisfaction of ADGS, then ADGS may, subject to Section 5.4 and to Section 5.2, by notice to QOEG terminate this Agreement and the obligations of the parties hereunder (except as otherwise herein provided, including under Section 6.4), but without detracting from the rights of ADGS arising from any breach by QOEG but for which the condition would have been satisfied.

(b) If any condition contained in Sections 5.1 or 5.3 is not satisfied at or before the Effective Date to the satisfaction of QOEG, then QOEG may, subject to Section 5.4 and to Section 5.3, by notice to ADGS terminate this Agreement and the obligations of the parties hereunder (except as otherwise herein provided, including under Section 6.4), but without detracting from the rights of QOEG arising from any breach by ADGS but for which the condition would have been satisfied.

(c) This Agreement may be terminated at any time prior to the Effective Date, by action taken or authorized by the Board of Directors of the terminating party or parties, and except as provided below, whether before or after approval of the matters presented at the ADGS Meeting or the QOEG Meeting:

(i) by the mutual agreement of QOEG and ADGS (for greater certainty, without further action on the part of the QOEG Shareholders or the ADGS Shareholders if terminated after the holding of the QOEG Meeting or the ADGS Meeting, as applicable);

(ii) by either QOEG or ADGS if there shall be passed any Law that makes consummation of the transactions contemplated by this Agreement illegal or otherwise prohibited, or if any injunction, order or decree enjoining any ADGS or QOEG from consummating the transactions contemplated by this Agreement is entered by a court of competent jurisdiction and such injunction, order or decree shall become final and non-appealable, provided that the right to terminate this Agreement pursuant to this Section 6.3(c)(ii) shall not be available to the party seeking to terminate if any action of such party or its affiliates or the failure of such party or its affiliates to perform any of its obligations under this Agreement required to be performed at or prior to the Effective Time shall have resulted in such impediment to the Closing having been imposed or having failed to be lifted;

(iii) by ADGS if (A) the Board of Directors of QOEG shall have failed to recommend or shall have withdrawn, modified or changed in a manner adverse to ADGS its approval or recommendation of this Agreement (unless ADOS has suffered a Material Adverse Change or ADGS shall have made a misrepresentation at the date hereof or breached a covenant under this Agreement in such a manner that, taking into account Sections 5.3 and 5.4, QOEG would be entitled to rely on the failure of a condition set forth in Sections 5.3(a), (b) or (e) as a reason not to complete the Agreement), or (B) the Board of Directors of QOEG shall have approved or recommended any Acquisition Proposal;

(iv) by QOEG if (A) the Board of Directors of ADOS shall have failed to recommend or shall have withdrawn, modified or changed in a manner adverse to QOEG its approval or recommendation of this Agreement or the transactions contemplated by this Agreement or (B) the Board of Directors of ADGS shall have approved or recommended any ADGS Acquisition Proposal;

(v) by QOEO or ADOS if the QOEO Shareholder approval shall not have been obtained by reason of the failure to obtain the vote at the QOEG Meeting or any adjournment thereof at which the vote was taken;

(vi) by ADGS or QOEG if the ADGS Resolution shall not have been obtained by reason of the failure to obtain the required vote at the ADGS Meeting or any adjournment thereof at which the vote was taken; or

(vii) by QOEG if a ADGS Acquisition Proposal is consummated;

in each case, prior to the Effective Date.

(d) If the Effective Date does not occur on or prior to the Date of Dec. 31, 2020, then, unless otherwise agreed in writing by the parties, this Agreement shall terminate, either party may unilaterally extend this Date upon written notice to the other party prior to the Effective Date, in which case this Date shall be deemed for all purposes to be a new date, provided that the right to terminate this Agreement pursuant to this Section 6.3(d) shall not be available to the party seeking to terminate if any action of such party or its affiliates or the failure of such party or its affiliates to perform any of its obligations under this Agreement required to be performed at or prior to the Effective Time shall have resulted in the conditions contained in Sections 5.1 and Section 5.2 or 5.3 (as applicable) not having been satisfied prior to the Date of Dec. 31, 2020.

(e) If this Agreement is terminated in accordance with the foregoing provisions of this Section 6.3, no party shall have any further liability to perform its obligations hereunder except as provided in Section 6.4 and as otherwise contemplated hereby, and provided that neither the termination of this Agreement nor anything contained in this Section 6.3(e) shall relieve any party from any liability for any breach by it of this Agreement, including from any inaccuracy in its representations and warranties and any non-performance by it of its covenants made herein.

6.4 Break and Other Fees; Option

(a) If:

(i) ADGS shall terminate this Agreement pursuant to Section 6.3(c)(iii); or

(ii) either QOEG or ADGS shall terminate this Agreement pursuant to Section 6.3(a) or (b) as a result of the failure to satisfy the conditions specified in either Section 5.1(a) or Section 5.1(b) in circumstances where the requisite QOEG Shareholder approval has not been obtained at the QOEG Meeting, and an Acquisition Proposal has been made by any person other than ADGS prior to the QOEG Meeting;

then in any such case QOEG shall pay to ADGS US\$10,000 in immediately available funds to an account designated by ADGS. Such payment shall be due (A) in the case of a termination specified in clause (i), within one Business Day after written notice of termination by ADGS or (B) in the case of a termination specified in clause (ii), within one Business Day after written notice of termination by either ADGS or prior to written notice of termination by QOEG, respectively. QOEG shall not be obligated to make more than one payment pursuant to this Section 6.4(a).

(b) If the holders of the QOEG Common Shares shall fail to approve the Arrangement in this Agreement (unless ADGS shall have suffered a Material Adverse Change or ADGS shall have made a misrepresentation at the date hereof or breached a covenant under this Agreement in such a manner that, taking into account Sections 5.3 and 5.4, QOEG would be entitled to rely on the failure of a condition set forth in Sections 5.3(a), (b) or (e) as a reason not to complete the Arrangement in this Agreement) at the QOEG Meeting, then, except in the circumstances contemplated in Section 6.4(a) above, on the first Business Day following the termination of this Agreement as a result thereof, QOEG shall pay to ADGS US\$10,000 as payment in full of ADGS's out-of-pocket costs and expenses in connection with the transaction contemplated by this Agreement in immediately available funds to an account designated by ADGS.

(c) If the ADGS Shareholders shall fail to approve the ADGS Resolution put forward for approval (unless QOEG shall have suffered a Material Adverse Change or QOEG shall have made a misrepresentation at the date hereof or breached a covenant under this Agreement in such a manner that, taking into account Section 5.4, ADGS would be entitled to rely on the failure of a condition set forth in Sections 5.2(a), (b) or (f) as a reason not to complete the Arrangement in this Agreement) at the ADGS Meeting, then, except in the circumstances contemplated in Section 6.4(a) above, on the first Business Day following the termination of this Agreement as a result thereof, ADGS shall pay to QOEG US\$10,000 as payment in full of QOEG's out-of-pocket costs and expenses in connection with the transaction contemplated by this Agreement in immediately available funds to an account designated by QOEG.

6.5 Remedies

The parties hereto acknowledge and agree that an award of money damages would be inadequate for any breach of this Agreement by any party or its representatives and any such breach would cause the non-breaching party irreparable harm. Accordingly, the parties hereto agree that, in the event of any breach or threatened breach of this Agreement by one of the parties, then on-breaching party will also be entitled, without the requirement of posting a bond or other security, to equitable relief, including injunctive relief and specific performance. Such remedies will not be the exclusive remedies for any breach of this Agreement but will be in addition to all other remedies available at law or equity to each of the parties.

7.2 Assignment

No party hereto may assign its rights or obligations under this Agreement, except that ADGS may assign all or part of its rights or obligations, without reducing its own obligations hereunder, to a wholly-owned subsidiary.

7.3 Binding Effect

This Agreement shall be binding upon and shall enure to the benefit of the parties hereto and their respective successors and permitted assigns and no third party shall have any rights hereunder.

7.4 Waiver and Modification

QOEG and ADGS may waive or consent to the modification of, in whole or in part, any inaccuracy of any representation or warranty made to them hereunder or in any document to be delivered pursuant hereto and may waive or consent to the modification of any of the covenants herein contained for their respective benefit or waive or consent to the modification of any of the obligations of the other parties hereto. Any waiver or consent to the modification of any of the provisions of this Agreement, to be effective, must be in writing executed by the party granting such waiver or consent. No waiver of any provisions of this Agreement shall constitute a waiver of any other provision nor shall any such waiver constitute a continuous waiver unless otherwise expressly provided.

7.5 No Personal Liability

No director or officer of ADGS shall have any personal liability whatsoever to QOEG under this Agreement, or any other document delivered on behalf of ADGS.

No director or officer of QOEG shall have any personal liability whatsoever to ADGS under this Agreement, or any other document delivered on behalf of QOEG.

7.6 Further Assurances

Each party hereto shall, from time to time, and at all times hereafter, at the request of the other parties hereto, but without further consideration, do all such further acts and execute and deliver all such further documents and instruments as shall be reasonably required in order to fully perform and carry out the terms and intent hereof.

7.7 Expenses

(a) Subject to Section 6.4, the parties agree that all out-of-pocket expenses of the parties relating to the Agreement and the transactions contemplated hereby, including legal fees, accounting fees, financial advisory fees, regulatory filing fees, stock exchange fees, all disbursements of advisors and printing and mailing costs, shall be paid by the party incurring such expenses.

(b) QOEG represents and warrants to ADGS that, except to those have been disclosed previously, no broker, finder or investment banker is or will be entitled to any brokerage, finder's or other fee or commission from QOEG or any subsidiary of QOEG in connection with the transactions contemplated hereby or by the Agreement.

7.8 Public Statements

ADGS and QOEG agree to consult with each other as to the general nature of any news releases or public statements with respect to this Agreement, and to use their respective reasonable efforts not to issue any news releases or public statements inconsistent with the results of such consultations. Subject to applicable Laws, each party shall use its reasonable efforts to enable the other parties to review and comment on all such news releases prior to the release thereof. The parties agree to issue jointly the news release in the agreed form with respect to this Agreement as soon as practicable following the execution of this Agreement. ADGS and QOEG also agree to consult with each other in preparing and making any filings and communications in connection with any Regulatory Approvals or other regulatory approvals and in seeking any third party consents under leases, joint ventures or other agreements.

7.9 Governing Laws

This Agreement shall be governed by and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein and shall be treated in all respects as an Ontario contract. Each party hereby irrevocably attorns to the jurisdiction of the courts of the Province of Ontario in respect of all matters arising under or in relation to this Agreement.

7.10 Time of Essence

Time shall be of the essence in this Agreement.

7.11 Severability

If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule or law, or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the fullest extent possible.

7.12 Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF the parties hereto have executed this Merger Agreement as of the date first written above.

- 2 Termination for Cause: The Employer may terminate the Employee's employment pursuant to this Agreement at any time for cause without notice or pay in lieu or notice, or payment of any compensation either by way of anticipated earnings or damages of any kind.
- 3 Termination without Cause: This Agreement is subject to a probationary period of three months beginning on the Start Date. During the probationary period, the Employee may be terminated without notice or pay in lieu of notice. Following the expiry of the probationary period, the Employer may terminate the Employee's employment pursuant to this Agreement at any time upon providing the Employee with the minimum amount of notice of termination or pay in lieu of notice of termination (or a combination of notice and pay in lieu of notice at the discretion of the Employer) prescribed by the *Act*, plus severance pay, if any prescribed by the *Act*, and upon making the benefit plan contributions necessary to maintain the Employee's participation for the minimum period prescribed under the *Act* in all benefit plans provided to the Employee by the Employer immediately prior to the termination of the Employee's employment, if any. The Employee agrees that the Employer may deduct from any payment hereunder the Employee's contributions to the benefit plans, if any, in accordance with the terms of such plans. In addition, the Employee will be paid any earned and unpaid salary and all vacation pay accrued and owing, including vacation pay over the statutory termination pay period, on the next payroll deposit date following the date the Employee's employment is terminated. No other compensation in lieu of notice of termination will be provided to the Employee unless required pursuant to the *Act*. This provision of such notice of termination or pay in lieu of notice of termination and severance pay, if any, and other entitlements strictly required by the *Act*, shall constitute full and final satisfaction of any claim or entitlement that the Employee may have from or against the Employer arising from or related to the Employee's employment or its termination, whether pursuant to statute, contract. common law or otherwise.

- 4 Termination by Employee: The Employee may terminate the Employee's employment pursuant to this Agreement at any time upon the giving of fifteen (15) business days' written notice to the Employer. The Employee agrees that the Employer may waive the resignation period by paying to the Employee an amount equivalent to the salary that the Employee would have received during the resignation period and by continuing to make its contributions to the benefit plans, if any, in which the Employee then participates until the end of the resignation period. The Employee agrees that the Employer may deduct from such payment the Employee's contributions to the benefit plans in accordance with the terms of such plans. The Employee also agrees that such waiver by the Employer does not constitute termination of the Employee's employment by the Employer.
- 5 Return of Property: Upon the cessation of the Employee's employment pursuant to this Agreement for whatever reason, the Employee will immediately deliver to the Employer all keys, documents, equipment or other property belonging to the Employer, or for which the Employer is liable to others, that are in the Employee's possession or control.

ARTICLE 5.00 NON-SOLICITATION

1. The Employee hereby agrees that the Employee will not, in any manner whatsoever, without the prior written consent of the Employer, at any time during the Employee's employment hereunder and for a period of twelve (12) months from the date of cessation of the Employee's employment for any reason, with or without cause, directly or indirectly:
 - a. induce or endeavour to induce any employee of the Employer to leave their employment, whether or not such employee would breach their contract of employment by doing so;

The Employee hereby acknowledges and confirms that the above restrictions are reasonable and valid and the Employee hereby waives all defences to the strict enforcement thereof.

Ladies and Gentlemen:

I am counsel for Quality Online Education Group Inc., a Delaware corporation (the “Company”), in connection with the proposed public offering (i) by the Company under the Securities Act of 1933, as amended, of up to 500,000,000 shares of its common stock, \$0.0001 par value per share (“Common Stock”), and (ii) by certain selling shareholder (collectively, the “Selling Shareholders”) under the Securities Act of 1933, as amended, of up to 1,562,508,272 shares of its common stock, \$.0001 par value per share (“Common Stock”) through a Regulation A Offering Statement on Form 1-A (the “Offering Statement”) as to which this opinion is a part, to be filed with the Securities and Exchange Commission.

In my examination, I have assumed the genuineness of all signatures, the legal capacity of all natural persons, the authenticity of all documents submitted to me as original documents and the conformity to original documents of all documents submitted to us as certified, conformed, facsimile, electronic or photostatic copies. I have relied upon the statements contained in the Offering Statement and certificates of officers of the Company, and I have made no independent investigation with regard thereto.

Based upon the foregoing and in reliance thereon, it is my opinion that (i) the 500,000,000 shares of Common Stock being offered by the Company under the Registration Statement, when sold, will be legally issued, fully paid and non-assessable pursuant to the laws of the State of Delaware and the laws of the United States of America, and (ii) the 1,562,508,272 shares of Common Stock being offered by the Selling Shareholders under the Registration Statement, are legally issued, fully paid and non-assessable pursuant to the laws of the State of Delaware and the laws of the United States of America.
